9.3 TWO USES OF THE COMPUTER

Examiner's task sheet

These two pictures show two different uses of the computer. Compare and contrast them. Include the following points:

1. What are the good and bad points of these uses?
2. Do you ever use the computer in these ways? If yes, tell about it. / If no, why not?
3. How popular are such uses among Hungarian teenagers?
4. What else can you use a computer for?

Prompts for the interlocutor:

1. How did people do these things in the past?
2. What other uses of the computer are more important / less important? Why do you think so?
