

You are invited to

## Long Preston Deeps Catchment Appraisal Tour

Monday 23rd July

18.30 - 20.30

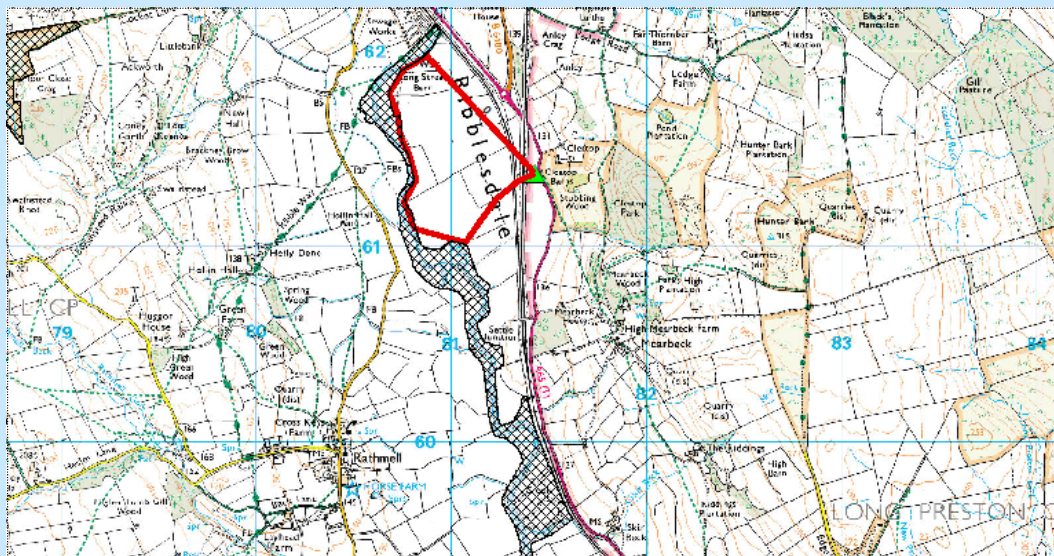

Meeting at The Courtyard, A65, just outside Settle

### Aim of Tour

You have been invited to a tour of the [Upper Ribble](#) because you are interested in improving this environment and/or you live or work nearby.

For those of you that don't know, parts of the Upper Ribble catchment are classed as being in poor ecological status under the Water Framework Directive (WFD). This means that they are failing in terms of water quality for a range of reasons.

**Join us on a short walk to discuss the challenges and opportunities for managing this part of the Ribble catchment and to learn more about the work already undertaken, and being planned as part of the Long Preston Deeps SSSI River Restoration project.**
