More information on all our services is available by following the related link on the Facilities web pages at: [http://www.lancaster.ac.uk/facilities/](http://www.lancaster.ac.uk/facilities/)
Our Vision

This is what we do...

We work together to deliver environments and experiences that enhance the reputation of the University and improve the lives of our students, staff and visitors: at all times remembering that we are part of an academic institution.

We involve each other and our customers in striving to meet or exceed the aspirations of the institution and individuals: embracing change is integral to our commitment to continuous improvement.

We all take pride in our work. We share a passion for creating a world class institution and seek to make sure we have the right people with the right skills to deliver on our goals.

We consider our context and environment so that we can work efficiently and effectively to ensure the sustainable development of the University over the next 50 years.

...We make campus an inspiring place to be.

Customer care statement

We are committed to ensuring consistent customer service excellence and accessibility is integral to the planning, resourcing and delivery of all our services.

It is our aim for this minimum standard of customer care to be applied across all areas of the Division and for us to be accountable to this commitment.

We aim:

- To develop a “Right-first-time” approach
- To maintain a consistently high standard of customer service from efficient, friendly, accessible and courteous staff, who are committed to the delivery of service excellence
- To be professional, well informed and take a pride in what we do
- To be open and honest, communicative and treat all customers with respect
- To specify what services we will provide and offer a flexible approach in meeting customer requirements
- To be sympathetic and understanding of specific customer needs and keep customers informed
- To provide accessible methods of customer feedback and complaints and respond effectively to secure continuous improvement

Our staff will wear uniforms where provided, be tidy and presentable. Contractors working on the University campus on our behalf receive an induction and work to the same standard as our own staff.

In return we ask:

- You work with us in improving and maintaining the University estate and campus facilities
- You respond positively in helping us to achieve our goal of a world-class university in the global top 100
- To be proactive in the reporting of defects and work requests with reasonable notice
- Assist our staff and supply us with as much information as required, in a timely manner
- Treat our staff with respect; be polite and considerate to other customers
Customer contact

In person/writing/email to our Customer Service team/Facilities Helpdesk

Completing our online feedback form - talk2us via the Facilities website
@http://www.lancaster.ac.uk/facilities/index.htm

• Email @facilities.helpdesk@lancaster.ac.uk
• By telephone – 01524 65201 Monday to Wednesday 9.00am – 5.30pm and Thursday/Friday 9.00am – 5.00pm
• By Fax – 01524 92100
• In writing – Customer Service Manager, Facilities, University House, B floor, Lancaster, LA1 4WY

We aim to:

• Acknowledge receipt of all written/email/web communication within 2 working days, this may take longer, if directed to the individual member of staff
• To provide a full response within 10 working. If this is not possible we aim to contact you within 10 working days with details of progress and timescales for a further response and resolution

In person

• University House Reception is open Monday to Wednesday 9.00am – 5.30pm and Thursday/Friday 9.00am – 5.00pm

We aim to:

• Greet customers courteously and professionally
• Deal with your enquiry efficiently and promptly
• Provide accurate up to date information

The Reception area will be attended during office hours. It will be welcoming, have clear signage, accessible, clean, safe and tidy

By Telephone

• University Main number - 01524 65201, times as stated above. When the switchboard is closed, a speech recognition automated call handling and messaging system is available

• Helpdesk on 01524 593333 times stated as above. Whenever we are closed our voicemail system will provide clear guidance and advise callers to contact Security on (S) 94541 in an emergency

We aim to:

• To answer all telephone calls to the switchboard/helpdesk within 15 seconds, however telephone calls to individual employees may take longer if they are out of the office
Feedback – comments, complaints and compliments

You can contact us by any of the means mentioned in the section Customer contact.

We welcome your feedback and value your comments, complaints and compliments on our performance and quality of services. This information will help us to continually review and improve our service delivery.

We will record all feedback for periodic analysis to identify trends, frequencies or patterns and develop corrective and preventative action plans.

We aim to:

• Respond positively where areas of improvement are identified and will inform you of any changes made as a result of your suggestion

• Acknowledge compliments to those involved

• On those occasions when we do not always get it right, we will apologise and do our utmost to resolve

Comments and compliments

We aim to:

• Acknowledge receipt of your communication within 2 working days

• To provide a full response within 10 working days

• If we are unable to respond in full we aim to contact you within 10 working days with details of progress and timescales and when we expect to fully reply to your communication
Complaints Process

We want to put things right as quickly as possible. We will investigate all complaints in a thorough and confidential manner.

Stage 1

- Please contact us by any of the methods above
- We aim to acknowledge receipt of your complaint within 2 working days and inform you as to who will be dealing with your complaint and how to contact them
- We will investigate your complaint in detail and provide you with a full written response within 10 working days
- If are unable to respond in full we aim to contact you within 10 working days with details of progress and timescales and when we expect to fully reply to your communication

Stage 2

- If such a resolution is not possible and you feel your complaint has not been resolved to your satisfaction, then please contact the Head of Service delivery – Lisa Williams @ l.williams@lancaster.ac.uk with full details of your complaint
- The Head of Service Delivery will aim to acknowledge your complaint within 5 working days
- A senior member of staff will investigate your complaint and prepare a written report within 10 working days
- The Head of Service Delivery and the Deputy Director of Facilities will consider the report and write to inform you of their conclusions and any proposed course of action

Stage 3

- If you still believe that your complaint has not been dealt with in a satisfactory manner then can put your concerns to the Director of Facilities, Mark Swindlehurst

Arbitration

Either party may refer any reconcilable matter in dispute to the Chief Administrative Officer, Nicola Owen for arbitration
Planon – Facilities fault reporting and Project Request system

Planon a Computer Aided Facilities Management system is used by Facilities as a primary reactive maintenance reporting system which is available to any person whom has a University computing account and it is accessible 24 hours every day. Planon is a reactive, planned maintenance and asset management solution to manage, monitor, respond and report on faults and requests for all buildings on campus with the inclusion of Project Requests.

All reactive maintenance problems are recorded in the Planon system and have an auto assigned priority category: “Urgent”, “High”, “Medium”, “Low”, “Priority by Supervisor and “Minor-Non Maintenance”. All reactive maintenance problems reported are pre assigned to the relevant Supervisor of the service group needed and routed immediately for works to be carried out. There is an option to receive emails and confirmations and you can track the progress of the works order until completion.

Only Urgent or High priority assigned reactive jobs are attended where necessary outside normal working hours.

How to report a fault

All registered Staff and students with a university logon are authorised to use Planon, and can report faults for maintenance - electrical, mechanical and fabric, cleaning and grounds via:

- On-line Facilities Planon Helpdesk -
  http://www.lancaster.ac.uk/facilities/services/helpdesk/
- On-line via the Facilities web site - http://www.lancaster.ac.uk/facilities/
  click on Facilities Helpdesk, Report a Fault
- iLancaster, either via the web, Smartphone, iPad or other similar device

Or you can contact the Helpdesk by:

- Email - @ facilities.helpdesk@lancaster.ac.uk
- Telephone –93333 from any internal phone, 01524 5-93333 from an external or mobile phone.
- In person at University House Reception. Open Monday to Wednesday 9.00am – 5.30pm and Thursday/Friday 9.00am – 5.00pm

Outside core hours a voicemail system will provide clear guidance and advise callers to contact Security on (5) 94541 in an emergency.
**To view the progress of a reported fault**

You can view the progress of the works and to track all other status, please use the "My Active Requests" link on the home page.

Email confirmations will be sent on receipt of a work order, cancelled, on hold and completed where email confirmations are requested and automatically when the priority status has changed to Priority by Supervisor and Minor-Non Maintenance.

The requests/work orders are routed immediately to the relevant trade Supervisor from where they are issued to the operations team as appropriate. Providing the email confirmations/updates has been requested, an email confirming receipt of the fault details will be sent showing the name of the service supervisor dealing with the works and the job reference number allocated. This number should be quoted in any future communication.

**Core working hours**

**Lancaster University Facilities Maintenance**

Monday to Wednesday 8.00am to 4.30pm

Thursday 8.00am to 4.00pm

Friday 8.00am to 1.00pm

Service is provided by Facilities Maintenance on Saturday & Sunday 8.am to 4.30pm; one member of each of the trade teams (Electrical, Fabric, and Mechanical) is on site to attend Urgent requests via instruction from Security as well as routine work.

**Lancaster University Partnership Programme Maintenance**

Monday to Friday 8.30am to 4.30pm

No services are provided Saturday or Sunday other than out of core hours call out.

Lancaster University have entered into an accommodation arrangement with UPP, a private sector provider, to work in partnership to design, build, fund, manage and operate over 4,000 student rooms on campus.

Further details can be found at [http://www.lancaster.ac.uk/facilities/services/UPP.htm](http://www.lancaster.ac.uk/facilities/services/UPP.htm)

Cancelled
Emergency faults out of normal hours

Faults with a default priority of Urgent or High reported outside normal working hours triggers an automated e-mail to the main Porter and cover Porters to alert them a request of this priority has been reported in their area of responsibility. The Porter is responsible for investigating the request and deciding if a call out attendance is required. If the Porter deems it necessary to call staff to attend they acknowledge the fault within the web reporting form and contact Security.

If a call is required Security will call out the appropriate on call representative.

Security reception which is manned 24 hours, 7 days a week at the Security Lodge, Telephone: 94541.

Planned Preventative Maintenance

To maintain the safety and efficient operation of buildings, plant and equipment and to ensure the statutory compliance of legislation, checks and regulation inspections are carried out on all maintained assets to monitor their condition.

Please refer to the Facilities web site for further details:

http://www.lancaster.ac.uk/facilities/services/ppm.html
Service level priorities in normal working hours

When a fault or request has been reported, it is assigned a priority. These priorities reflect the urgency of the fault or request and our commitment to target complete within a specified timescale. These are:

1 - URGENT - 4 working hours. Incidents likely to endanger the health and/or welfare of staff, students and general public OR is work, which presents an unacceptable risk to security and/or building fabric

2 - HIGH – 2 working days. Essential work which does not present an immediate threat to the health, safety and/or welfare of staff, students and the general public, but if the work is not attended to within a 24 hour period could become such a threat

3 - MEDIUM – 5 working days. Repairs and maintenance of a priority nature causing inconvenience to building occupants

4 - LOW – 10 working days. Works requiring minor repair/maintenance and causing minor inconvenience to building occupants

5 – PRIORITY BY SUPERVISOR. Works causing no inconvenience to building occupants, usually an improvement, superficial repair or a programme of works for a specific or agreed date

6 – MINOR NON MAINTENANCE – 30 days. New works for improvement of fixtures/fittings, which currently is not broken or does not exist
Target completion times for Planon faults/requests during normal working hours

- Patch paint after repair or leak
- Book a van

### PRIORITY 5 - SUPERVISOR
Complete as specified by Supervisor
- Scheduled waste management
- Scheduled grounds work
- External painting
- New data connection required

### PRIORITY 6 – MINOR NON MAINTENANCE
Minor non maintenance work
- New shelves, noticeboards, coat hooks etc

---

**Service monitoring and review**

We aim to measure progress by:

- Continual evaluation through key performance indicators to improve standards of service and delivery
- Customer satisfaction surveys
- Responding to customer and employee feedback
- Investing in our people, through training and development
- Continual review of current practices, processes and policies
**How to submit a Project Request**

All requests for new work should be submitted to Facilities via Planon using the New Project Request link below:

[http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/](http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/)

The form is designed to capture sufficient basic information for an initial assessment to be made on the priority of the proposed work, the availability of funding, the expected size of the project and how best to allocate resources to the project. Once the form has been completed with sufficient information please click on the 'Submit' button.

**Authorisation Process**

1. Submitted Project Requests are initially checked for sufficient / complete information. Should any information be found to be missing, the request will be returned to the originator. Please ensure a cost code is included, even if it is only for a quotation.
2. Project Requests are date stamped once submitted to Planon.
3. Automated emails will be issued to the originator on receipt of the Project Request.
4. Project Requests are reviewed at weekly Facilities meeting.
5. When authorised by Facilities, Project Requests are assigned to a Project Manager.
6. Automated email confirmation of the Project Request authorisation and Project Manager assignment is issued to the originator.
7. Further automated email updates will be sent to the originator throughout the lifecycle of the project.

The process of reviewing, authorising and assigning the submitted Project Request (Actions 3-6 above) may take up to 21 days.

**To view the progress of a project request**

You can view the progress of the project request and to track all other status, please use the "My Project Requests" link on the Project Request web page, as above.

- Residents to remove their rubbish to euro bins especially at weekend / bank holidays
- Residents to adhere to residence contract
- Due to finite resources, customers must give adequate consideration to the volume of work being requested and must be phased to provide an even workload
- Residential areas to be maintained in a reasonable condition and used for the correct purpose as stated in residence handbook
- Areas to be vacated at specified times and left as they were found upon occupation
- Information on bookings / room allocations or special cleaning requirements to be available at least two weeks in advance and confirmed in writing (cleaning to vacated rooms, change of use etc.)
- Conference and residential bookings to be co-ordinated through the summer planning group to maintain an even workload for cleaning services and to be available one term in advance
- The request for additional cleaning services not covered in this statement to be logged during normal working hours via Planon - Facilities fault reporting system either on-line or via the Facilities Helpdesk
Service level statement

Core Service: Travel

Service Provider and Contact name: Philip Longton
Travel Co-ordinator

Schedule of services

To implement the Travel Plan, which provides the overarching strategic direction for transport and commuting at Lancaster University, against the key objective.

- Provide up to date knowledge and expertise for all transport related matters
- Liaise with Stagecoach management to agree, deliver, monitor and improve upon University bus services and the benefits offered to staff and students to travel by bus
- To review every five years the Travel Plan and conduct staff and student travel surveys at least every three years as part of the review process to monitor the progress the University is making towards its travel targets and to gain valuable feedback and ideas from staff and students. Results to be published via the Facilities Travel web site
- To review and implement an annual Car Parking & Travel Policy as a key delivery mechanism of the University Travel Plan

What we need from the customer

- Recognition that it is the responsibility of all staff, students and other key stakeholders to actively reduce dependence on travel by car, by encouraging greater use of car-sharing, public transport, walking and cycling
- To travel to, from and around campus and on University business as sustainably as possible, thus minimizing carbon emissions and congestion on campus and the local highway network
- Compliance with University travel and parking policies
- To email comments and suggestions to parkingpolicy@lancaster.ac.uk or direct to the Service Provider. To complete staff and student travel surveys. Customer feedback is important to this Service Level Statement.
Service level statement

Core Service: Helpdesk

Service Provider and Contact name: Sue Longfield
Customer Service Manager

Schedule of services

The Facilities Helpdesk provides a central point of contact for staff, students and visitors to enquire about the range of services provided by Facilities, report and follow-up of repairs, faults, complaints and failures, during core working hours.

- Provision of front of house service in University House; switchboard inclusive of a directory enquiry service and main reception for the University, dealing with a broad range of enquiries and requests for general information

- All Facilities related faults received by the Helpdesk via email, telephone or in person will be logged on the Facilities Planon system, as soon as possible on the same day received. All faults will be dealt with in accordance with the Facilities Service Level Statements. Emergency faults outside core working hours should be reported to Security on 94541

- All calls directed to the University switchboard will be answered within an average of 15 seconds with external calls taking priority

- All reception staff will provide a courteous, polite and professional meet and greet service to visitors, staff and students. They will phone the relevant department to announce the arrival of their visitor

- Notification of Planned Preventative Maintenance (PPM) and window cleaning as per website - http://www.lancaster.ac.uk/facilities/services/ppm.html

- Loan of conference telephone

What we need from the customer

- Treat our staff with respect be polite and considerate to other customers

- We require Helpdesk users to report faults promptly and give reasonable notice

- Assist our staff and supply us with as much information as required

- Collect visitors promptly from the University House reception area

- Advise the team in advance of any meetings, conferences and visitors
Service level statement

- The provision of a laundrette facility contained within a pleasant environment which will be managed and cleaned daily
- Provision of well maintained equipment with an efficient and effective response to breakdowns
- Provision of laundrette service to disabled students
- Provision of free phone facility to report and log faults
- Provision of support service 364 days per year

What we need from the customer

- All equipment to be used for purpose provided
- Waste receptacles provided to be used
- Areas to be maintained in a reasonable condition by users and used for the correct purpose
- Areas to be vacated at specified times and left as they were found upon occupation
Service Level Statement

Core Service: Maintenance of Buildings

Service Provider and Contact name: Ian Watson
Maintenance Manager

Schedule of services

Facilities operations maintenance is responsible for repairs, service, and replacement where necessary of building fabric, mechanical and electrical services in situ. Exceptions are for equipment, services or fabric installed by the department or their contractors.

- A prioritised routine maintenance service with a frequency of response as specified
- An emergency callout service outside of core working hours and Bank holidays
- A maintenance programme to ensure the basic structure and services are maintained in a functional condition
- A Planned Preventive Maintenance (PPM) programme to fixed plant and equipment (excluding departmental) for compliance with statutory requirements and to maintain such plant and equipment in functional working order including statutory testing
- Maintenance and statutory testing of fire precaution systems, fire doors, fire alarm systems, emergency lighting, refuge systems, fire stopping and compartmentation, hydrants, fire extinguishers, sprinkler and suppression systems
- Maintenance of heating, cooling, ventilation and air conditioning systems, gas and steam boilers, heat curtains, emitters, fume cupboard, and LEV systems
- Maintenance and annual thorough examination of lifts, chair lifts and hoists
- Maintenance to roads, footpaths, car parks, external way finding and warning signage
- Maintenance of master keyed locking systems, key and lock records and the provision of a replacement key service
- Monitoring of electrical, heating, ventilation and cooling systems via Building Management System (BMS), to provide as practical as possible comfortable and energy efficient environment
- Recharges of rectification works were it’s determined condition other than fair wear and tear
- Residential inspection and repair programs during summer vacation period to return property to acceptable occupancy condition
- In term inspection and repair program on residential accommodation communal areas. Recharge for damages considered beyond fair wear and tear shall be undertaken
What we need from the customer

- Request for maintenance services to be logged via Planon Helpdesk at http://www.lancaster.ac.uk/facilities/services/helpdesk/
- Emergency work to be reported via Planon and confirmation to your Building/College Porter or Security
- Clear information about the nature of the fault to assist determination of appropriate priorities
- Unhindered access to the space, and where appropriate give details of restricted access, key holders, safety precautions, etc
- Responsibility for the space occupied or managed, reporting faults as they occur or are discovered rather than let them be found on inspection programs or at the end of academic year
- Adherence to Facilities and maintenance policies as shown on Facilities web site, e.g. Use of electric heaters
- Windows and doors to be securely closed when spaces not occupied to prevent damage during high winds and storm conditions
- Lighting to be switched off during period’s buildings or spaces unoccupied to assist energy conservation

- No interference with safety devices or safety systems including:
  - Wedging doors open or jam locks to disengage or propping open
  - Disablement of door closer devices
  - Damage to or disconnection of smoke or heat detectors
  - Interference with fire, intruder, access or warning system device
  - Interference with window restrictors
  - Security and fire protection systems are in place to protect users of buildings by maintaining integrity to allow enough time for buildings to be vacated safely, interference with any devices or fabric forming the protection could lead to serious consequences
  - No storage of combustible materials in corridors, staircases, stairwells and by any fire door
Service level statement

Core Service: Maintenance of Outdoor Sports Areas

Service Provider and Contact name: Ian Sturzaker
Landscape Manager

Schedule of services

The maintenance of external sports facilities as per Sports Pitch Maintenance Plan available on Facilities website

The frequencies are currently:

Pitch marking
Astro Turf as requested
Grass Pitches as requested (6 No football & 4 No rugby)

Maintenance
Verti drain pitches once a term
Sand top dress annually
Fertiliser application to sport pitches 3 times a year
Overseed annually
Herbicide treatment annually
Grass cut March – Oct every 16 days
Mechanical sweeping to astro-turf pitch weekly
Mechanical sweeping to tennis courts & MUGA’s weekly
Herbicide spray to tennis courts & MUGA’s 3 times a year

What we need from the customer

- Formal requests with regards to bookings and availability for student use to be channelled through the Secretary of the Athletic Union and discussed with the Sports Centre in the first instance

- Minimum of three working days’ notice for bookings

- Formal requests for conference should be co-ordinated and agreed with all parties to include conference centre, sports centre and grounds

- The request for landscape maintenance services to be logged during normal working hours via Planon - Facilities fault reporting system either on-line or via the Facilities Helpdesk
Service level statement

Core Service: Maintenance of Grounds

Service Provider and Contact name: Ian Sturzaker
Landscape Manager

Schedule of services

- The provision of a Landscape Maintenance Service to grassland, woodland, wetlands, trees amenity areas and plantings as per Horticultural Maintenance Schedule available on the Facilities website
- Undertake health and safety checks to tree stock, play area, woodland trail, water saving devices and football/rugby goals and take appropriate action as required

- Cleaning to BBQ stations on a weekly basis March through to July
- Ad hoc cleaning of external signage and annual clean of all external signage
- The salting and snow clearing from footpaths, roads and car parks to a prioritised plan with a provision of a call-out service for salting roads and footpaths (Nov – Feb). Policy and plan available on the Facilities website
- The provision of an emergency call-out service for fallen or dangerous trees

What we need from the customer

- To ensure that their activities and use of the landscape does not have a detrimental effect on the character or usability of the University Estate and to assist Facilities in keeping the general amenity spaces clean tidy and to a high standard

- The request for Landscape maintenance services to be logged during normal working hours via Planon - Facilities fault reporting system either on-line or via the Facilities Helpdesk
Service level statement

Core Service: Project Delivery

Service Provider and Contact name: Liz Gatheral
Assistant Director of Estates
(Development)

Schedule of services

- The preparation of feasibility studies, design development, tender procurement and construction of all new build, remodelling or refurbishment projects. This typically includes the assessment of technical viability, cost and benefit analysis, risk management and the project’s fit with current strategies.

- The provision of effective and efficient project and programme management from project inception to completion and handover of asset.

What we need from the customer

- The formal project “trigger” is a completed Project Request, submitted via the Facilities web site - [http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/](http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/).

  Project request is an electronic process and authorising officers/Head of Departments will use Planon to approve the work. Subject to satisfying initial schedule, funding and scope criteria, the project will then be formally allocated to a Project Manager and an automated email confirmation of the Project Request authorisation and Project Manager assignment is issued to the originator. The progress of the project request can be tracked at "My Project Requests" link via the Facilities web site - [http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/](http://www.lancaster.ac.uk/facilities/services/helpdesk/projectrequest/).

- To ensure that the most effective service provision can be planned the Heads of each Faculty should communicate with the Facilities Head of Project Delivery at least twice a year to provide advance visibility of potential project workload.

- The customer should be aware of their required involvement within the project delivery process.
Service level statement

Core Service: Security Reception

Service Provider and Contact name: Security Officers

Service level statement

Core Service: Waste and Recycling
Service Provider and Contact name: Gordon Chapman-Fox
System Support Administrator

Schedule of services

- To provide adequate and appropriate storage facilities for waste and recyclable materials inside of buildings which have been fitted out with recycling facilities. These should be appropriately located and signed. To make available storage containers for recycling in all student residence kitchens

- To provide adequate and appropriate storage facilities for waste and recyclable materials in external areas prior to removal from site. These should be appropriately located, signed and adhere to fire regulations to help protect people and buildings

- To ensure that collections of waste from site are sufficient and meet all requirements

- To comply with all waste management legislative requirements

- To make available specific arrangements for the appropriate collection, removal and safe disposal or recycling of specialist items of waste such as WEEE, batteries, fridges, confidential waste and large items of general waste. To comply with all legislative requirements in this regard

- To apply the waste hierarchy in prioritizing (1) waste minimization (2) reuse and (3) recycling

What we need from the customer

- Recognition that it is the responsibility of all members of staff and students to actively reduce waste materials, reuse or recycle them if possible and to help the University meet its recycling targets and legislative requirements

- To use the appropriate recycling arrangements where they are in place

- To not contaminate different waste streams together or leave waste on the ground outside of designated storage containers

- To feedback any waste issues to the relevant person / department so that they can be investigated and addressed
• To transfer waste materials to their appropriate external storage container where arrangements are not in place to do this through the cleaning staff, e.g. student kitchen waste and recyclates, large items of cardboard or general waste in office/academic areas.

• To be aware of the adverse environmental impacts of waste and the use of the earth's natural resources.

• Student residents must not leave waste and recycling to build up in student kitchens but remove the waste and recycling to the clearly labeled waste containers in the nearest bin store and do so on a regular basis.

• To be aware of the adverse environmental impacts of waste and the use of the earth's natural resources.

Core Service: Pre-School Centre

Service Provider and Contact name: Adele Stewart
Centre Manager

Schedule of services

- Our aim is to provide a warm caring and safe environment for your child and to develop their abilities by using play and planned activities for all age ranges

- The Pre School Centre will support both child and parent during the course of your booking. We will provide a safe and stimulating environment where each child will be encouraged to achieve their potential by a caring, informed and knowledgeable team of dedicated staff

In addition we will:

- Inform you as soon as possible as to whether your application has been successful

- Provide the agreed childcare facilities for your child at the agreed times (subject to any closure days and anything beyond our reasonable control)

- Try to accommodate any requests for additional sessions

- Provide you with regular verbal updates on your child’s progress upon request

- Consult Children’s Social Care if significant concerns have been raised about a child and there is reason to suspect the child is being abused or neglected or is likely to be abused

- Further details available via the Pre School Centre website @ http://www.lancaster-preschoolcentre.co.uk/

What we need from the customer

Rules and regulations will be kept to a minimum but certain parental obligations must be met in order to facilitate the effective and efficient management of the centre, to enable essential records to be kept in line with the registration requirements, for health and safety and other reasons in the best interest of the children. In order to obtain and retain a place at the Pre School Centre, Parents must undertake to abide by the following requirements:
• Provide correct and necessary information for proper records to be kept

• Allow sufficient time to settle your child into the Centre

• Collect your child at the end of the sessions at the agreed times

• Inform the centre if anyone other than the adults registered with the centre will be collecting a child from centre either during or at the end of the day. Provide a password to Pre School staff and the adult collecting

• Inform the centre as far as possible in advance of known absences from the centre due to holidays etc

• Collect a child from the centre if the Centre advises that s/he is too ill to complete the session, or give permission for someone else to do so

• The Centre taking all reasonable precautions in looking after your child including a child being taken to hospital by the Pre-school Centre or any other source of medical attention for treatment in the event of an emergency (with us informing you or the person noted on the booking form as soon as possible of any problems using the contact details provided to us on the booking form, regarding which you are responsible for updating us, as and when there are any changes to such details)

• Give written authorisation for administration of prescribed medication

Service level statement

Core Service: Accommodation Services

Service Provider and Contact name: Candace Davies
Head of Accommodation

Schedule of services

The provision of a comprehensive range of management and customer services to students living in University managed accommodation.

Provision of a property accreditation service for students; ensuring that registered properties exceed minimum standards and that providers/landlords meet fit and proper standards in-keeping with Lancaster’s reputation for quality campus accommodation.

- Central team responding to any accommodation related enquiries as well as providing departmental, business, web and systems support

- Accommodation Manager located in each College to provide responsive and professional customer services to students in accommodation. Working in partnership with the College to support the College community and collaboratively across the wider University to provide an excellent student experience.

- Dedicated member of staff inspecting off campus accommodation for registered landlords and providers in the Lancaster University Homes Scheme. Providing expert advice to providers/landlords and students regarding city centre student accommodation to ensure continuation of the student experience when living off campus.

What we need from the customer

- Treat fellow students and flat/house mates with respect and tolerance allowing for the diverse nature of the student population

- Treat all staff with respect

- Report any feedback about our services quickly, clearly and politely

- Abide by the obligations detailed in the Accommodation contract when living on campus

- Abide by College and University rules
