getting the best from your new toaster...

- Safety first
  Do not touch metal top of the toaster during or after use as it gets very hot.

- Empty crumb tray regularly
  To clean away any crumbs that accumulate after use.

- In order to achieve uniform browning
  Wait a minimum of 30 seconds between each toasting, so that the control can automatically set.
Cleaning and maintenance

1. After use and before cleaning, switch off at the mains, remove the plug from the wall socket and wait for the toaster to cool.
2. Wipe the outside of the toaster with a damp cloth only and dry with another cloth or tissue.

- NEVER use metal polish or coarse scouring agents and never immerse your toaster in any sort of liquid.
- NEVER use any pointed or sharp articles for cleaning the inside, otherwise the heating element will be damaged.
- NEVER use a brush or push your fingers or metal objects down the slots.

Crumb tray

**WARNING:** Crumbs will accumulate in the crumb tray and could catch fire if not emptied periodically. When the toaster has cooled down completely, tap the sides of the case lightly to dislodge any crumbs lodged in the toaster chamber and pull out the crumb tray. Empty the tray and replace it. Never operate the toaster without the crumb tray fitted.

Helpline

If you have any difficulty with your appliance, do not hesitate to call us.
We are more likely to be able to help than the store from where you bought it.
Please have the following information ready to enable our staff to deal with your query quickly:

For electrical products sold within the European Community. At the end of the electrical products useful life it should not be disposed of with household waste.
Please recycle where facilities exist.
Check with your Local Authority or retailer for recycling advice in your country.

Important safety instructions

The use of any electrical appliance requires the following common sense safety rules:
- Primarily there is danger of injury or death and secondly the danger of damage to the appliance. These are indicated in the text by the following two conventions:
- **WARNING:** Danger to the person!
- **IMPORTANT:** Damage to the appliance!
In addition we offer the following safety advice.

**Location**

- Always locate your toaster away from the edge of the worktop.
- Ensure that the toaster is used on a firm, flat, heat resistant surface.
- Ensure that sufficient space is left above and around all sides of your toaster to allow air to circulate.
- **IMPORTANT:** Do not use too close to curtains, draperies, walls, cupboards and other flammable materials.
- **Do not use underneath cupboards.**
- **Do not use outdoors.**

**Mains lead**

- The mains lead should reach from the socket to the toaster without straining the connections. Reduce the length of the excess lead by using the cord storage facility.
- Do not let the mains lead hang over the edge of the worktop where a child could reach it.
- Do not let the lead run across an open space e.g. between a low socket and table.
- Do not let the lead run across a cooker or hot area which might damage the cable.

Personal safety

- Do watch your toaster during use.
- **WARNING:** Do not touch the top of the toaster or other hot parts during or after use, use handles or knobs.
- **WARNING:** Do not insert oversized foods, metal, foil packages or utensils into the toaster.
- **WARNING:** Do not attempt to dislodge food when the toaster is plugged in and never insert cooking utensils into the slots.
- **IMPORTANT:** Do not place bread or other items on top of the slots as this may damage the toaster and creates a fire hazard.

Children

- Never allow a child to operate this appliance.
- Children are vulnerable in the kitchen particularly when unsupervised and if appliances are being used or cooking is being carried out.
- Teach children to be aware of dangers in the kitchen, warn them of the dangers of reaching up to areas where they cannot see properly or should not be reaching.

Other safety considerations

- Do not operate with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- Do not attempt repairs - the appliance contains no user-serviceable parts. Call our helpline for advice.
- Do not use accessories not recommended by the manufacturer.
- Do not place on or near a hot gas electric burner or in a heated oven.
- Do not immerse cord, plug or toaster in water or other liquid.
- Only use for intended purpose.
- Unplug from outlet when not in use and when cleaning.
- Do not move the appliance whilst hot.
