**Before first use**

- Before using the toaster for the first time operate the toaster without bread.
- As with all new electric heating elements, your toaster emits a "new" smell when it is first switched on. This is quite normal and not a cause for concern.

**Using your toaster**

1. Select the desired level of browning (1 to 8) on the Browning Control (4). The setting required will vary according to the freshness, type and thickness of the bread. For best results, ensure that the bread slices are of even thickness, freshness and size.

   Stale bread toasts more rapidly than fresh bread. Therefore, the Browning Control should be set at a lower setting than usual.

2. After selecting the browning level, place your bread into the Bread Slots (1), and depress the Bread Carriage Lever (2) downwards until it locks.

   Note: The Bread Carriage Lever will not stay down unless the toaster is plugged in and switched on at the wall.

3. After the set time has been reached, the bread will pop-up automatically, ready for removal from the Bread Slots. The Bread Carriage Lever will have returned to its upper position and the heating element will have switched off, ready for the next toasting.

   - If the first slices are not dark enough, turn the Browning Control to a higher setting for the next toasting.
   - **WARNING:** If the bread in your toaster becomes jammed, disconnect your toaster at the socket, allow it to cool, then remove the bread.
   - When not in use, switch your toaster off at the mains and remove the plug from the socket.

   Do not wrap the cable around the main body of the appliance during or after use. The cable storage area underneath the toaster should be used.

**Cancel Button (3)**

If you wish to stop the toasting process, press the Cancel Button (3).

**Removing the Crumb Tray**

**WARNING:** Crumbs will accumulate in the Crumb Tray (6) and could catch fire if not emptied regularly.

1. When the appliance has cooled down completely, tap the sides of the case lightly to dislodge any crumbs lodged in the toasting chamber and remove the Crumb Tray.

2. Empty the tray and replace. Never operate the appliance without the Crumb Tray fitted.

**Hints and tips**

- In order to achieve uniform browning, we recommend you wait a minimum of 30 seconds between each toasting, so that the control can be automatically reset.
- If toasting one slice only, you may need to adjust the Browning Control (3) to a slightly lower setting. You will also notice a slight variation in toast colour on one side of a single slice.
- When toasting 2 slices it is recommended they are of equal size and freshness.
- All sorts of bread can be used as well as teacakes, small rolls etc. Slices should not however be so thick as to cause burning or jamming within the Bread Slots (1).
- When toasting two or more items (on four slice models), it is recommended they are of equal size and freshness.
- Do not lift or move the toaster by inserting fingers into the Bread Slots.
- If the bread in your toaster becomes jammed disconnect your toaster at the socket, allow it to cool, then remove the bread.
- Allow the toaster to cool fully before putting away.
Care and cleaning

1. After use and before cleaning, switch off at the mains, remove the plug from the wall socket and wait for the toaster to cool.
2. Wipe the outside of the toaster with a damp cloth only and dry with another cloth or tissue.
   • Never use metal polish or coarse scouring agents and never immerse your toaster in any sort of liquid.
   • Never use any pointed or sharp articles for cleaning the Inside, otherwise the heating element will be damaged.
   • Never use a brush or push your fingers or metal objects down the Bread Slots [1].
   • Never immerse your toaster in water.

Health and Safety

The use of any electrical appliance requires the following common sense safety rules. Please read these instructions carefully before using the product.

• This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
• Children shall not play with the appliance.
• Cleaning and user maintenance shall not be made by children without supervision.
• Keep the appliance and its cord out of reach of children.

The use of any electrical appliance requires the following common sense safety rules.

Primarily there is danger of injury or death and secondly the danger of damage to the appliance. These are indicated in the text by the following two conventions:

WARNING: Danger to the person!
IMPORTANT: Damage to the appliance!

In addition, we offer the following safety advice.

Location
• This appliance is intended to be used in household and similar applications such as:
  • farm houses;
  • by clients in hotels, motels and other residential type environments;
  • by clients in hotels, motels and other residential type environments.
  • It is not suitable for use in staff kitchen areas in shops, offices and other working environments.

• WARNING: Do not use under/bed cupboards.
• Mains cable
  • Do not let the cable run across a cooker or hot area which might damage the cable.
  • If the supply cable is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
Treating scalds
• Run cold water over the affected area immediately. Do not stop to remove clothing, get medical help quickly.

Other safety considerations
• The bread may burn, therefore do not use the appliance near or below combustible material such as curtains.
• This appliance is not intended to be operated by means of an external timer or separate remote control system.
• Only use for intended purpose.

Personal safety
• Do watch your appliance during use.
• WARNING: Do not touch the top of the appliance or other hot parts during or after use. Use handles or knobs.
• WARNING: Do not wrap the cable around the main body of the appliance during or after use.
• WARNING: Do not insert oversized foods, metal, foil packages or utensils into the toaster.
• WARNING: Do not attempt to dislodge food when the appliance is plugged in and never insert cooking utensils into the slots.

IMPORTANT: Do not place bread or other items on top of the slots as this may damage the appliance and create a fire hazard.

Electrical requirements
Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be A.C. (Alternating Current).

If the socket outlets in your home are not suitable for the plug supplied with this appliance, the plug should be removed and the appropriate one fitted.

WARNING: The plug removed from the mains lead, if severed, must be destroyed, as a plug with a bare flexible cord is hazardous if engaged into a live socket outlet.

Should the fuse in the mains plug require changing, a 13 amp BS1362 fuse must be fitted.

WARNING: This appliance must be earthed.
Registering your 2 year guarantee

Your standard one year guarantee is extended for an additional 12 months when you register the product within 28 days of purchase with Morphy Richards. If you do not register the product with Morphy Richards within 28 days, your product is guaranteed for 1 year. To validate your 2 year guarantee register with us online at www.morphyrichards.co.uk

Or call our customer registration line
UK 0844 871 0962
IRE 1800 409 119

N.B. Each qualifying product needs to be registered with Morphy Richards individually.

Please note that the 2 year guarantee is only available in the UK and Ireland. Please refer to the one year guarantee for more information.

Your 1 year guarantee

It is important to retain the retailer’s receipt as proof of purchase. Staple your receipt to this back cover for future reference.

Please quote the following information if the product develops a fault. These numbers can be found on the base of the product.

Model no.
Serial no.

All Morphy Richards products are individually tested before leaving the factory. In the unlikely event of any appliance proving to be faulty within 28 days of purchase, it should be returned to the place of purchase for it to be replaced.

If the fault develops after 28 days and within 12 months of original purchase, you should contact the Helpline number quoting Model number and Serial number on the product, or write to Morphy Richards at the address shown.

You may be asked to return a copy of proof of purchase.

Subject to the exclusions set out below (see Exclusions), the faulty appliance will then be repaired or replaced as appropriate and dispatched usually within 7 working days of receipt.

If, for any reason, this item is replaced or repaired during the 1 year guarantee period, the guarantee on the new item will be calculated from original purchase date. Therefore it is vital to retain your original till receipt or invoice to indicate the date of initial purchase.

To qualify for the 1 year guarantee, the appliance must have been used according to the instructions supplied. For example, crumb trays should have been emptied regularly.

Exclusions

Morphy Richards shall not be liable to replace or repair the goods under the terms of the guarantee where:

1. The fault has been caused or is attributable to accidental use, misuse, negligent use or used contrary to the manufacturer’s recommendations or where the fault has been caused by power surges or damage caused in transit.

2. The appliance has been used on a voltage supply other than that stated on the product.

3. Repairs have been attempted by persons other than our service staff or authorised dealer.

4. The appliance has been used for hire purposes or non domestic use.

5. The appliance is second hand.

6. Morphy Richards reserves the right not to carry out any type of servicing under the guarantee at its discretion.

7. Plastic filters for all Morphy Richards kettles and coffee makers are not covered by the guarantee.

8. Batteries and damage from leakage are not covered by the guarantee.

This guarantee does not confer any rights other than those expressly set out above and does not cover any claims for consequential loss or damage. This guarantee is offered as an additional benefit and does not affect your statutory rights as a consumer. Morphy Richards products are intended for household use only. See usage limitations within the location safety instructions.

Disclaimer

Morphy Richards has a policy of continuous improvement in product quality and design. The company, therefore reserves the right to change the specification of its models at any time.

For electrical products sold within the European Community. At the end of the electrical products useful life, it should not be disposed of with household waste.

Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice in your country.
