Admission Requirements

A100: Guidelines for applicants offering Scottish Qualifications Authority qualifications

**Entry requirements:** Our entry requirements have three components: the Biomedical Admissions test (BMAT), academic qualifications, and non-academic criteria.

**BMAT:** For 2016 entry onwards, all applicants must sit the Biomedical Admissions test to be eligible for consideration. More information about the test and how to register can be found online: [http://www.admissionstestingservice.org/for-test-takers/bmat/about-bmat/](http://www.admissionstestingservice.org/for-test-takers/bmat/about-bmat/)

**Academic qualifications:** Evidence of excellent attainment in Standard Grade, Higher and Advanced Higher examinations

If you are applying from outside the UK or if English is not your first language, you must demonstrate proficiency in English through one of the following recognised English Language qualifications: either IELTS (a minimum score of 7.0 with no component less than 7.0) or the Pearson PTE Academic qualification (at least 70 overall and at least 70 in each communicative skill sub-test). This is in addition to the academic entry requirements outlined below. We do not accept other English Language proficiency qualifications. Applicants must demonstrate their English language proficiency before application. Applicants who do not include details of their English language proficiency qualification on their UCAS application will not be considered. English language qualifications must be less than 2 years old at the time of application.

<td>Advanced Highers:</td>
</tr>
<tr>
<td>or Intermediate 2 (A or B)</td>
<td>in Biology and Chemistry</td>
</tr>
<tr>
<td>or National 5 (A or B)</td>
<td>Minimum grades required: AA</td>
</tr>
</tbody>
</table>

We will consider applications from applicants who have re-taken Advanced Higher examinations.\(^1\)

The Scottish Science Baccalaureate is not in itself sufficient to meet the required academic criteria.

1. This includes those who have retaken their Advanced Highers or taken additional subjects at Advanced Higher after 6\(^{th}\) year to meet the entry requirements. Applicants must acknowledge and reflect on their individual circumstances (need to re-take Advanced Highers, need to take additional subjects after 6\(^{th}\) year etc) in their personal statement. Applicants who have taken longer than 3 years to achieve the required grades will not be considered.

Please turn over.
Non-academic criteria:

Applicants must demonstrate suitable evidence of:

- Relevant work experience – what have you done to establish that medicine is the right career path for you?
- Insight into a medical career and your suitability, drawn from your work (and voluntary) experience.
- An understanding of the NHS constitution and core values, reflecting on work and voluntary experiences to discuss their relevance and importance and
- A commitment to society; working for the benefit of others, including voluntary work or significant caring roles
- Effective written communication skills: a coherent, well-structured personal statement.

More information about our non-academic criteria can be found on our website:  [http://www.lancaster.ac.uk/fhm/study/undergraduate/medicine/entry-requirements-and-selection-process/non-academic-entry-requirements/](http://www.lancaster.ac.uk/fhm/study/undergraduate/medicine/entry-requirements-and-selection-process/non-academic-entry-requirements/)

The Selection process:

Lancaster Medical School considers applications to its medical degree programme in a five stage process:

**Stage 1:** Academic Qualifications: All applicants who meet the academic entry requirements will progress to stage 2.

**Stage 2:** Applicants will be ranked according to their BMAT score.

**Stage 3:** Applicants’ personal statements will be assessed for evidence of our non-academic criteria

**Stage 4:** Multiple mini-interview. No applicant will be made an offer without interview.

**Stage 5:** Fitness to practice. All applicants must have the potential to function as a fully competent doctor and fulfil the rigorous demands of professional fitness to practice. More information can be found on the GMC website: [http://www.gmc-uk.org/education/undergraduate/professional_behaviour.asp](http://www.gmc-uk.org/education/undergraduate/professional_behaviour.asp)

More information about our degree programme, our entry requirements and our selection process can be found on our website:  [http://www.lancaster.ac.uk/fhm/study/undergraduate/medicine/](http://www.lancaster.ac.uk/fhm/study/undergraduate/medicine/)

Applications should be made through UCAS in the normal way:  [www.ucas.com](http://www.ucas.com)
