At Ernst & Young we have identified a number of strengths that our successful graduates demonstrate at work.

- Working with other people
- Trying something new or achieving a personal goal or ambition
- Positions of responsibility you have held or work experience gained

Ernst and Young make a decision on whether to progress you to the next stage based on this form alone so take your time and review it carefully before submitting it to us.

We ask all those who apply to EY to complete our online tests.

These are:
- Numeric
- Verbal
- Diagrammatic

The test takes about 30 minutes to complete and there are plenty of examples for you to try before you start the real thing. We would suggest you complete this in a quiet room away from any distractions.

You can expect lots of questions about what you enjoy doing; how you go about approaching situations or problems; how you feel about certain situations and what motivates you.

There will be plenty of time at the end for you to ask questions.

(Approx. length 1 hr 15 minutes)

During the day you will undertake a series of group and individual exercises.

You will also have an interview and take psychometric tests.

You will spend half an hour with your assessor talking about the day. This is also the chance for you to tell us anything else that you would like us to know.

Your day will aim to finish at about 3 pm.
