Why Lancaster?

**We invest in our campus**
We have invested over £500m in our campus buildings and facilities since 2003 with a further £200m planned in the next four years. This investment includes a new Engineering Building, the refurbishment of the library, Physics and Chemistry facilities and a £50m sports centre and sports facilities.

**We’re Global**
Lancaster has huge number of teaching and research links around the world which provide exciting opportunities for students to study or work abroad. There are strong links with universities in the US and Lancaster also operates in China, Ghana and Malaysia.

**We’re great for nurturing talent**
Our commitment to Doctoral Training Centres represents a new approach to postgraduate study, attracting and nurturing talented and skilled researchers to secure the future of graduates in specific disciplinary areas.

**We’re Collegiate**
Lancaster is one of a small number of leading UK universities to operate a college structure. All students (and staff) join one of our nine colleges – Bowland, Cartmel, County, Furness, Fylde Grizedale, Lonsdale and Pendle – and as a postgraduate student you will join our Graduate College. Each college has its own history and traditions. This creates a more supportive student environment and more opportunities to get involved in activities.

Lancaster is ranked among the top 10 universities in the UK
Lancaster is ranked 9th in the UK in The Guardian University Guide 2018. There are more than 120 universities in the UK.
QUALITY
Many universities are great at teaching

QUALITY
Many are great at research

QUALITY
Very few are great at both

Lancaster University
Rated Gold for teaching quality in the Teaching Excellence Framework and a grade point average of 3.15 in the Research Excellence Framework
Ranked top 10 in all three UK university league tables
Inspiring research and training

Our high quality research feeds into our high quality teaching. The results of the latest Research Excellence Framework (REF) in 2014 confirmed Lancaster as a world-leading research university.

Lancaster has now emerged as the only one of the eight most research intensive universities in the north of England to have had funding increased because of the quality and volume of its research. However, it’s not just league tables that confirm our standing, the projects that follow are testament to the passion for world changing research at the heart of Lancaster’s ethos. They’re also a taste of what’s to come should you choose to study here.

To find out more about our research, please visit www.lancaster.ac.uk/news

Science and Technology

+ Our plant science is helping farmers across the globe grow crops in dry regions
+ Our research is adding to understanding of the formation of galaxies in the universe
+ We lead research into human impacts on the Amazon rainforest
+ Our cyber security researchers are developing tools to help prevent online child abuse

Arts and Social Sciences

+ We are leading global research to make cities better places to live
+ Our linguists discovered speaking two languages changes the way we see the world
+ We are developing better ways of measuring violent crime

Management

+ Our research showed London’s congestion charge made roads safer
+ Our leading research helps family firms innovate, grow and succeed across generations
+ Our experts are using mathematical modelling to reduce airport congestion

Health and Medicine

+ Lancaster research tackles Alzheimer’s disease
+ Our research is improving end of life care for patients and family carers
+ We are working with the NHS to develop healthcare technology in the home
Lancaster University is proud of its reputation for creating highly qualified, employable postgraduates. Our careers support will help you negotiate and succeed in an ever more complex and competitive job market.

Employers
We work with the top graduate recruiters and employers including large corporate employers, public sector, creative, charity and third sector employers – all of whom recognise and value the calibre of our postgraduates.

We offer a comprehensive events programme throughout the year, providing employers with multiple opportunities to engage with our students and graduates. This includes recruitment events, employer presentations, mentoring opportunities and networking events. You will therefore have plenty of opportunities to meet, learn and develop from a wide range of employers.

We also organise themed events based around our specialist subject areas such as Law, Engineering, Business, Media and the Arts, IT etc.

Student membership of the local Chamber of Commerce is now available, giving you the chance to engage and network with local businesses.

Lancaster Award
The Lancaster Award recognises your extra-curricular achievements and demonstrates your skills to employers. You take the award alongside your postgraduate studies by completing activities in such areas as employability and career development; campus and community involvement and work experience.

This award complements your studies and helps evidence to employers the broad set of skills and competencies that you will have developed during your time at Lancaster University.

Competitions
It is not just the Wars of the Roses and the sporting events that make Lancaster stand out.

Each year our students have the opportunity to compete in the Barclays Technology Challenge – another national event in which student teams get to use their technical skills to solve a problem and secure a cash prize.

Learning can be fun and we will always look for opportunities where we can support personal and professional development through events such as these.

Students and graduates of Lancaster University benefit from a Careers Service which offers life-time support. For as long as you need it, help and support is available.

For more information visit: www.lancaster.ac.uk/careers

For more information please visit www.lancaster.ac.uk

Our digital services
Students and graduates of the University have exclusive access to a comprehensive package of online products and services.

Our systems allow you to access information, videos, learning packages, psychometric tests and insights into some of the top employers and their recruitment and selection methods – all of which is available through our online Knowledge Bank.

You can view and book the events we promote, both on-campus and off-campus, online.

Careers appointments can be booked online or you can access an eGuidance service – which is available 24/7 from anywhere on the planet with an internet connection.

Register online with our on-campus recruitment agency, search for student and graduate jobs, access our digital library – all available at a time and place to suit you.
Your postgraduate career

What they say...

“I am thrilled to announce that I have achieved an offer from PwC as a tax associate in Qatar (Doha). I am extremely thankful for all the advice and guidance you have given me throughout the year.”

Pierre Emmanuel
MSc Finance

Part-time work

Lancaster University has an on-campus recruitment agency. This service handles all of the short-term, part-time work opportunities offered by the University, ensuring that all students benefit from a single point of contact and fair access to the paid work that is available.

This service also works with local employers for both part-time and full-time positions. Students and graduates benefit from a dedicated University run service to help them find work during and after their studies.

Finding flexible part-time work whilst on campus, or on your vacation break, can provide you with excellent work experience as well as extra funds.

Part-time work

Our on-campus recruitment agency is positioning itself as the destination of choice for local employers seeking the talent that Lancaster students and graduates offer.

These opportunities give our students the chance to develop their professional skills and get paid alongside their studies.

EcoGuard produce nano-particle protective coatings and required a student to work part-time to help them develop their marketing strategy.

EcoGuard commented: “The calibre of the students I saw was first rate and this service provided by the agency was second to none.”

www.lancaster.ac.uk/employment-and-recruitment-services

Graduate support

We are not only committed to providing the best possible student experience, your graduate experience is equally important to us. That is why we offer ongoing careers support, for as long as you need it.

One of our recent graduates commented: “I’ve made it into my preferred career and into a great company. Using the Careers Service during my internship really helped me prepare for my two interviews for this job and helped me to secure my position at the company. I found the internship a great transition between university and working life and I’d like to thank all of the staff who supported me during the internship for helping me to get to where I am now.”

www.lancaster.ac.uk/careers/students

Professional Development Training

We offer a wide range of postgraduate career development training courses. The Masters Programme covers career planning, job application processes and the most effective ways of promoting the value of your Masters course to future employers. The PhD Career Development Programmes are run as part of the Faculty Research Training Programmes, and consist of a series of bespoke workshops covering key aspects of career choice and career planning and offer specialist support to gain suitable employment at the end of your PhD.

Advice and guidance

All students have access to individual one-to-one support should they need it. Careers staff are available through regular drop-in sessions, bookable careers interviews, practice sessions for interviews and through our online eGuidance service. There is a specialised Postgraduate Careers Consultant available for careers guidance.

If it is a question of decision-making in respect of career choice, gaining the experience that some employers may require or developing your application and interview skills in order to secure a job offer, our staff can help you to progress your career in whatever direction you wish to take it, be that academic or non-academic careers.

Lifetime support

You probably will not need us after you graduate. The vast majority of our postgraduates gain employment or progress further in their studies.

However, recognising the pace and frequency of change that can characterise many careers we provide all of our postgraduates with access to our services for as long as they need it.

The digital environment allows this offer to be fulfilled wherever you happen to live.

Our commitment to supporting your career progression is reflected in the positive outcomes that many of our postgraduates achieve.

Lancaster Award

This innovative award scheme helps to ensure that you get noticed in the competitive graduate world. It is no walk in the park – you have to work hard to earn it.

Students gaining the award have commented: “It will make it easier to convince employers why I am the best candidate.” Another felt that the award “had made me a more employable graduate.”

The figures speak for themselves, 86% of students undertaking the award gain graduate level positions on completion of their studies.

www.lancaster.ac.uk/lancaster-award
Your postgraduate experience

The University provides an outstanding and welcoming postgraduate experience. The campus is located in a beautiful setting and our students have access to excellent facilities and equipment in support of their learning experience.

Campus

Our campus has transformed over recent years thanks to a number of significant new build developments and remodelling projects. These include:

- The Management School has embarked on an ambitious development, creating a cutting-edge space for students, staff and partners which is due to be completed in 2020.
- The Health Innovation Campus is a pioneering new project that will bring together innovators, academics, entrepreneurs, businesses, local government, citizens and health care providers and aims to drive advances in technologies, products and ways of working to improve health and healthcare.
- A multi-million pound investment in our Science and Technology buildings to ensure the facilities remain cutting-edge.
- An enhanced campus experience with easy to navigate routes throughout, making use of the recently remodelled thoroughfare to create unique, vibrant and weather-protected places to socialise or study.
- Our refurbished Library has received further investment to increase the number of study spaces and has recently achieved an environmental performance BREEAM Excellent rating.

Find out more about our investment in state-of-the-art facilities at www.lancaster.ac.uk/facilities/projects

Student Portal and online learning

The Student Portal gives you access to your small timetable, online resources from the Library and much more. You can even check when your library books are due back or sign up for learning activities.

One of the useful things you will find on the portal is a list of your taught or research training modules and access to related online resources.

Your online learning activity will differ according to your tutor’s preferences, but it will usually include library resource lists, video and audio materials, discussion boards, and collaborative activities.

Find out more about our investment in state-of-the-art facilities at www.lancaster.ac.uk/facilities/projects

The Graduate College

www.lancaster.ac.uk/colleges/graduate

Lancaster University has a vibrant collegiate system. The Graduate College is one of nine colleges on campus and the only one focused exclusively on postgraduates.

It comprises more than 2,000 students and provides a range of services to support you during your time at Lancaster. They include affordable accommodation, our own dedicated award-winning bar The Herdwick, and social and study facilities such as a study hub, social space and computer lab.

The Postgraduate Board represents the interests of the University’s postgraduate students and is elected annually from college members.

The Graduate College’s friendly, international community celebrates and encourages diversity and provides members with an ideal opportunity to make lasting friendships.

It also provides an unrivalled environment for members to develop academically, while extra-curricular activities ensure that each postgraduate student’s experience is rewarding.

“Graduate College is a global community attracting diverse members from all corners of the world.”

Ghayas Chowdhary
Graduate College
Your postgraduate experience

IT facilities
www.lancaster.ac.uk/iss
Whatever your area of study or research, whatever you’re hoping to achieve, we aim to provide you with the IT facilities and support to help you get there.

As a postgraduate at Lancaster you will have access to:
+ Wi-Fi in accommodation on campus and in social and learning spaces
+ A high bandwidth wired connection to the IT network and Internet in accommodation on campus
+ University email with your own email address and calendar
+ Secure personal storage space for your work on the University network and in the cloud
+ Online collaboration spaces for joint research work
+ A wide range of academic, business and accessibility software with many applications, including Microsoft Office, free to install on your own PC and many available to run on demand via the Internet
+ PCs and printers in the Library, labs, departments and your college, with many accessible 24/7 plus a laptop loan service so you don’t always have to carry your own
+ Learning spaces for individual and group work in the Library, Learning Zone and other locations across campus
+ Online learning spaces providing easy access to learning resources for your course modules or personal development
+ The Student Portal, a gateway to your email, library account information, contact information, library resources, news, notifications and more
+ The iLancaster mobile app, providing access to services including bus timetables, your College information, your sports centre bookings, events, information and more
+ IT support and assistance from the ISS Service Desk, plus cost-effective support if your laptop, PC or Mac breaks
+ Free online or face-to-face digital skills training

The Library
www.lancaster.ac.uk/library
Our Library offers you access to more than 30,000 e-journals, 300,000 e-books plus a wide range of other electronic and physical resources. Our discovery service, OneSearch, will help direct you to the materials you need, and online guidance is available from our web pages to help you with specific services, collections and information resources.

The Library building has recently undergone a full refurbishment, which has delivered a unique study space with more than 1,200 technology-enabled workspaces, including 30 group study rooms, training rooms and a dedicated postgraduate study area.

The Ruskin Library
www.lancaster.ac.uk/ruskin
The Ruskin Library houses the foremost collection of the nineteenth century’s most famous English critic of art, architecture and society – John Ruskin (1819–1900). The main holding of the Ruskin Library is the Whitehouse Collection of material relating to John Ruskin and his circle. The Collection, which belongs to Education Trust Ltd, is in the care of the Ruskin Foundation, based at Lancaster University. The Foundation also manages Brantwood, Ruskin’s home on the eastern shore of Coniston Water.

In the public galleries we display changing selections from over 2,000 drawings, of which 1,000 are by Ruskin. Others are by his friends and associates, including Samuel Prout, Edward Burne-Jones and Francesca Alexander. We also regularly exhibit work by contemporary artists inspired by Ruskin. Electronic and digitised resources include the Library Edition of Ruskin’s Works as well as Ruskin’s diaries, Venetian Notebooks and other manuscripts.

Your postgraduate study areas
Postgraduate students at Lancaster have access to a number of dedicated study areas both on campus and in the city centre. All postgraduates can access them with their University card.

On campus
The Library has a dedicated postgraduate study area which includes a silent study space with print, scan and copy facilities close by.

The Graduate College has a study and social hub located on Alexandra Park. The hub includes a quiet study space, group work space, social space and games room, print, scan and copy facilities.

City centre study space
www.thestorey.co.uk
Postgraduates have access to a dedicated Study Hub located at the Storey Institute in the centre of Lancaster.

The convenient town centre facility is available to all Lancaster University students and has two rooms – a quiet study area and a group space with a large monitor. It has capacity for up to 46 people, access to the University’s eduroam Wi-Fi and is open six days a week.

Alumni network
www.lancaster.ac.uk/alumni
You can take advantage of the alumni network for professional and social networking during your time as a student and beyond. With over 130,000 graduates in more than 180 countries worldwide you’ll find an active alumni network across the globe.

Find out more online – we’re on the main website and you’ll find us on LinkedIn (linkd.in/LancasterUni) and Facebook (facebook.com/LancasterUniversityAlumni).

For more information please visit www.lancaster.ac.uk
Life at Lancaster: City, coast and countryside

Our campus is on the edge of the historic city of Lancaster, one of the UK’s top ten most vibrant cities. Just three miles from the famous Morecambe coastline, our students enjoy some of the country’s most impressive scenery. We’re well connected to the rest of the UK by both road and rail, with regular direct services to Manchester International Airport.

History
The city has a rich history and there are plenty of opportunities to explore its cobbled streets, museums, quirky outdoor spaces and landmarks.

+ The superbly well-preserved 12th century castle in the city centre is open to the public
+ The striking Ashton Memorial folly looks out over the city
+ Williamson Park, a beautiful green space and woodland, is home to a Butterfly House

Lancaster’s history is one of witchcraft, revolution and hard graft all of which makes for a fascinating and attractive place to live and study.

Shopping
Lancaster is a great place to shop, with all the high street names you’d expect next to an eclectic mix of independent shops and boutiques.

+ The historic Charter Market features more than 40 stalls every Wednesday and Saturday
+ The Assembly Rooms vintage market sells everything from clothes to comic books
+ The Atkinson’s coffee ‘boutique’, and many other popular cafés and bars can be found in the city

Arts and culture
Recognised for entertainment, Lancaster has theatres, cinemas and other venues holding arts events.

+ Major comedy tours
+ Open-air theatre
+ Live music in venues across the city
+ Annual music and arts festivals

Nightlife
There’s an abundance of both traditional pubs and wine bars within Lancaster, situated along the banks of the canal, through the streets and even underneath the city in the castle’s former wine cellars. The Students’ Union own and run the ‘Sugarhouse’ club in the city centre.

+ The Sugarhouse nightclub is open exclusively to students
+ It is the largest nightclub in Lancaster
+ Offers free return buses to campus
+ Guarantees a safe and fun night

Beyond the city
Lancaster is situated a few miles from the famous Morecambe coastline, with its sweeping estuary and dramatic sunsets, and only half an hour from the stunning scenery of the Lake District. Walking and cycling are great ways to explore, or you can catch a ride on a barge on the Lancaster Canal and discover the countryside whilst enjoying a Lancashire hotpot lunch!

A perfect location
Lancaster is situated between two of England’s most famous visitor destinations, the Lake District to the north and Blackpool, the UK’s biggest holiday town, to the south. To the west lies the beautiful Lune estuary and Morecambe Bay and to the east the dramatic moorland of Bowland Forest. Find out more about our city and view our image gallery at www.lancaster.ac.uk/city

Did you know?
30 minutes from the Lake District
1 hour from Manchester
2.5 hours from London

For more information please visit www.lancaster.ac.uk
Recreation and culture on campus

From traditional sports to a varied arts calendar and an active students’ union you’ll find many opportunities for recreation and culture at Lancaster.

Sport Lancaster
www.lancaster.ac.uk/sportscentre

Sport at Lancaster accommodates competitive sport, recreational sport and supports the health and wellbeing agenda. In addition to the timetabled classes at the Sports Centre, free sessions are offered throughout the term to encourage users have the opportunity to try new activities and promote both physical and mental wellbeing.

Opened in 2011, the Sports Centre has an eight lane, 25m swimming pool with the latest touch pad timing equipment, as well as a fitness suite, featuring a split-level 100-station gym with an extensive range of cardiovascular and resistance machines and free weights, all supervised by a dedicated personal training team.

The 8.5m climbing wall, featuring 17 belay lines and a bouldering cave, was designed with input from renowned mountaineer Sir Chris Bonington. The sports hall has been designed to accommodate a variety of different sports in one space; from all traditional indoor sports to activities such as trampolining, martial arts, spin, Pilates and yoga classes all taking place in the Studio.

Other facilities include a sauna and steam room, four glass squash courts, a meeting room, a physiotherapy sports injuries clinic, changing rooms, extensive grass pitches for rugby and football, eight tennis courts, five netball courts, three artificial pitches, two multi-use games areas, a woodland walk and trim trail, and an 11 hole golf course at our newly acquired Forrest Hills conference facility.

Lancaster Arts at Lancaster University
Lancaster Arts is your home for great performances and creative social experiences on campus. We have a reputation for supporting talented artists in their careers, so you can be sure to find fresh new art and cutting-edge culture all around Lancaster.

We present an internationally acclaimed programme of contemporary theatre, dance, music, visual art, aerial theatre and much more across the campus, Lancaster city centre and beyond. We also have special programmes for families and unique opportunities for taking part.

Ticket prices are kept low for students and we offer one of the best student supporter schemes in the UK. You can enjoy every performance for a small membership fee and immerse yourself in cultural experiences throughout your time at Lancaster. We also provide opportunities for paid and volunteer work experience with ourselves and other arts organisations which can help you kick-start your career.

For further information and to book tickets please visit www.lancasterarts.org

Visit our campus venues to find out more:

Peter Scott Gallery
This is a central hub for visual arts at the northern end of campus within the Great Hall complex. Lancaster Arts hosts a variety of contemporary touring exhibitions and houses the Peter Scott art collection, which includes prints from important 20th century artists such as Miro and Picasso, Chinese and Japanese antiquities and arts and crafts era ceramics. LICA’s Fine Art undergraduate degree show is also exhibited here.

Concert Series
For nearly 50 years Lancaster has brought the great names of classical music to perform in the Great Hall and the series is the best place to hear live concerts in the district. We are proud to have helped launch the careers of many emerging artists, and students can learn about concert management through our volunteer opportunities.

Nuffield Theatre
The Nuffield Theatre is a unique venue for Lancaster Arts’ professional development opportunities and in-term presentations by acclaimed contemporary theatre, dance, music, performance and live art practitioners from the UK and abroad.

The Students’ Union
Lancaster University Students’ Union is committed to one big vision: supporting and inspiring you to love Lancaster.

Every Lancaster student automatically becomes part of the union, and it’s theirs to lead, influence and change. However, if you do not wish to join you have the right to opt out of membership.

The union is involved in every bit of the life of the university, providing a huge number of services to make time here as fun, fulfilling and fantastic as it can be.

There’s a whole world of opportunity to discover!

More opportunities
Want to volunteer? Start a business? Teach? We can help!

You can:
+ Gain valuable classroom experience with our Schools Volunteering team
+ Volunteer for a wide range of charities and good causes
+ Get involved in environmental volunteering through our Green Lancaster programme
+ Join our student media teams – we have a newspaper, a radio station, a TV station and a cinema
+ Start a business or get an idea off the ground with our Innovation team
+ Get involved in organising and running our big events – and much more!

Whether it’s an existing interest or something completely new, our clubs and societies are a great way to get the most out of your time at Lancaster.

We work hard to support students to stay fit and healthy, from supporting our elite sports teams to running Just Play, which allows you to just turn up and have a go at a huge selection of activities!
Accommodation

Graduate College is located at the south end of our campus on Alexandra Park, and many postgraduates choose to live in the variety of accommodation we have on offer. Lancaster also offers adapted accommodation for students with disabilities or special needs. Please specify your needs when applying for your accommodation.

Checklist
- All rooms are self-catered, single bedrooms with study space
- All rooms have Wi-Fi and wired data points for access to email, Internet and the campus network
- Most rooms are en suite, with private shower and toilet facilities
- Shared kitchen facilities include cooker, microwave, fridge and freezer
- Campus has shops, eateries, social facilities and laundrettes

Accommodation guarantees
If you are a full-time postgraduate student from outside of the EU you are guaranteed a single room on campus for your first year of study. To take advantage of this you must submit an online application by 15 August (having already sent firm acceptance of a place on a full-time course of nine months or more, beginning in September or October).

EU students receive the same guarantee where an application is submitted by 1 August.

Families and couples
The campus has a limited number of self-contained, furnished family flats ranging from one to three bedrooms. We can only offer a guarantee for single person accommodation, but if we aren’t able to offer you family accommodation that suits your needs we can help you to find suitable alternatives via the Lancaster University Homes scheme.

For further information, please see www.lancaster.ac.uk/accommodation

Award-winning accommodation

Lancaster was awarded the titles ‘Best Booking Experience’ and ‘Best Moving In Experience’ in the 2016 National Student Housing Survey of 200+ UK institutions, and we have held the ‘Best University Halls’ title six times since 2010.

We are one of just ten landlords nationwide to be awarded the International Accommodation Quality Mark, for providers that achieve higher than 90% satisfaction from their overseas students.
Applying for campus accommodation

We’ll send you details about the application process once you confirm acceptance of our study offer (from March onwards). Applications for rooms are taken online and you will subsequently be sent an offer by email and will need to pay a refundable accommodation deposit of £200.00 for a single study room or £275.00 for a family flat. Deposits are paid online by credit card.

Family life

Our campus enjoys a strong community of postgraduate students with young families and a host of support services are available. You can find out more about the support and services available for students moving to Lancaster with their families at www.lancaster.ac.uk/students-with-families.

Letting periods and residence charges

Rooms are let on a 50 week basis (late September - September) or 40 week basis (late September - July). Payment is termly, in advance, by invoice. 2017-2018 weekly rents including heating, lighting, water, network connection, contents insurance and cleaning (townhouses and studios do not have a cleaning service):

University approved private accommodation for postgraduate students

Lancaster University Homes is the official accreditation scheme for student housing in Lancaster and is the only place students can find off-campus, private rented housing approved by Lancaster University. Search our website to find great quality houses, apartments, halls and spare rooms to rent, with the added reassurance that all properties have been inspected by University staff and are let by landlords who are signed up to our student friendly code of practice. You can use the website to arrange viewings direct with landlords, find housing advice and access our unique Flatmate Finder to find other postgraduate students to share with. Choose university-approved housing at www.lancasteruniversityhomes.co.uk

LUSU Living

Run by the Students’ Union, LUSU Living manages around 250 properties throughout Lancaster, making it the city’s largest landlord. Rents are inclusive of all bills and LUSU Living does not collect deposits from its tenants. There’s a comprehensive repairs service, and emergency contacts are provided to help you if something goes wrong at any time of the day or night. All LUSU Living properties meet the requirements of the LU Homes accreditation scheme, so you can be sure of renting a home that provides the perfect environment for both study and relaxation. LUSU Living also provides a dedicated postgraduate letting service for students wanting to live off campus. Properties are advertised immediately after Easter, which means you can start looking for a place to live as and when it’s convenient.
Postgraduate study options

At Lancaster we offer a wide range of both taught and research degrees designed to broaden your experiences and improve your career prospects.

Research degrees

Our postgraduate students are an important part of our research culture and make up a third of our student population. We have a range of research options at Lancaster including:

- **Doctor of Philosophy (PhD)**
  Taking between three to four years to complete, most doctoral students at Lancaster work on a traditional PhD by Research. This leads to the degree of PhD through a Doctoral Training Centre:  + An innovative, exciting and vibrant four year training programme developed to produce high quality researchers + A funded scheme with substantial government and industry backing providing a large number of studentships with greatly enhanced stipends + The integral involvement of leading industry partners in both training and research + A great student experience gained from training as part of a group, cooperating and interacting with like-minded peers + Researching important cross-disciplinary problems to ensure that your research makes an impact + The development of skills and experiences, which are required for a rapid career progression + An environment in which students and provide world-class training and research experiences, which are required for a rapid career progression + The development of skills and experiences, which are required for a rapid career progression + An environment in which students

- **Master of Philosophy (MPhil)**
  An MPhil normally takes two years of full-time study, with an emphasis on conducting original research and writing up a research project that is of similar quality, volume and scope than a PhD thesis.

- **Professional Doctorates**
  We offer two types of professional doctorates: Doctor of Medicine (MD), taking two years to complete and the Doctor of Clinical Psychology which takes three years to complete.

Integrated degrees (1+3)

Several of our courses offer students the option to take a bridging approach to postgraduate study. Known as Integrated Degrees, or 1+3, they can be followed at Masters level before progressing directly to PhD level. Although there is a taught component to these courses, they are ideal for anyone who already has a clear idea of the field they would like to research and they are assessed primarily by dissertation.

Taught degrees

Our taught postgraduate degrees normally involve a combination of taught modules, course work and a research dissertation. Some programmes may enable you to carry out a real life research project for a company or organisation in place of a dissertation.

While most taught programmes enable you to build upon your undergraduate studies some academic programmes are open to students with little or no prior academic experience in the subject.

Doctoral Training Centres

Doctoral Training Centres aim to attract and nurture talented and skilled researchers to secure the future supply of graduates in specific disciplinary areas.

Students based in Doctoral Training Centres carry out a research project at PhD level together with taught coursework in a supportive and exciting environment.

There are real benefits to undertaking a PhD through a Doctoral Training Centre:

- An innovative, exciting and vibrant four year training programme developed to produce high quality researchers
- A funded scheme with substantial government and industry backing providing a large number of studentships with greatly enhanced stipends
- The integral involvement of leading industry partners in both training and research
- A great student experience gained from training as part of a group, cooperating and interacting with like-minded peers
- Researching important cross-disciplinary problems to ensure that your research makes an impact
- The development of skills and experiences, which are required for a rapid career progression
- An environment in which students

The following Doctoral Training Centres offer studentships at Lancaster:

- **North West Social Science Doctoral Training Partnership (NWSSDTP)**
  www.nwssdtp.ac.uk
  The NWSSDTP, a collaboration between the Universities of Lancaster, Liverpool, Manchester and Keele, was created by the Economic and Social Research Council (ESRC) and is one of the largest Doctoral Training Centres in the north of England for postgraduate social science training.

  - **STOR-i**
    www.stor-i.lancs.ac.uk
    Based at Lancaster University, STOR-i aims to grow the national research base in Statistics and Operational Research, two areas which are fundamental to today’s data-driven decision making processes.

- **NOWNANO**
  www.lancaster.ac.uk/nownano
  NOWNANO offers a broad interdisciplinary Doctoral Training Centre within the universities of Lancaster and Manchester. PhD students receive initial training to outline the breadth and potential of nanoscience, before they focus on mastering one specific area of the subject.

- **BBSRC Doctoral Training Partnership in Food Security**
  www.bbsrc.ac.uk
  The BBSRC is a doctoral training programme developed to create a novel and unique national training experience for the next generation of soil scientists.

- **North West Consortium Doctoral Training Partnership (NWCDTP)**
  www.nwcdtp.ac.uk
  The NWCDTP was created by the Arts and Humanities Research Council (AHRC) and is a collaboration across North West Universities including Lancaster University. The consortium aims to seek out and nurture outstanding postgraduate research students and provide world-class training in the arts and humanities.

- **Centre for Global Eco-Innovation**
  www.cgeinnovation.org
  The Centre for Global Eco-Innovation is the only centre of its kind in Europe. It brings together the expertise, resources and global contacts of Lancaster University and the University of Liverpool, together with international commercialisation consultancy Inventya.

- **Envision**
  www.envision-dtp.org
  Funded by the Natural Environment Research Council (NERC), Lancaster University is leading the initiative which brings together the Universities of Nottingham and Bangor, the Centre for Ecology and Hydrology, the British Geological Survey and Rothamsted Research. The initiative also involves large multinationals, a large number of SMEs and international research centres.

- **Soils Training and Research Studentships (STARS)**
  www.starsoil.org.uk
  The STARS Centre for Doctoral Training is an exciting consortium of 8 organisations, (4 universities and 4 research institutes) from England, Scotland and Wales; collaborating to create a novel and unique national training experience for the next generation of soil scientists.

Supporting you

The University supports every student in making the most of their education and life at Lancaster. We offer a range of services that are free and easy to access throughout your time here.

Student Based Services
www.lancaster.ac.uk/sbs
Student Based Services provides easy access to support that enhances your postgraduate experience. We work closely with colleagues across the University to provide guidance on a range of academic and non-academic issues from welfare to funding, health to careers. All services are available via the Base, our one-stop enquiry desk at the front of University House, where friendly staff will do their best to help you or arrange an appointment with a specialist adviser.

Funding
www.lancaster.ac.uk/sbs/funding
We can provide information and guidance on student funding and financial aid, including help with government and University funding, administration of financial aid schemes, guidance on living costs and help with budgeting.

Registry
www.lancaster.ac.uk/exams
Staff can provide assistance with academic record matters, registration, module enrolment, academic review and appeals and provide student status letters.

Visa and immigration
www.lancaster.ac.uk/sbs/international
Our Visa and Immigration team can help with pre-arrival needs, visa information and guidance on working in the UK.

Counselling and mental health
www.lancaster.ac.uk/sbs/counselling
Our private and confidential service provides mental health and wellbeing support.

Disability
www.lancaster.ac.uk/sbs/disabilities
Support is available on disability issues relating to living and learning at Lancaster, including assessment and support for dyslexia, assessments for study aids, funding applications and social care support.

Health services
www.lancaster.ac.uk/sbs/health
All students must register with the Bailingg Health Centre (surgeries on campus and in Lancaster) or another local GP. We also have a DENPLAN-accredited dentist and a pharmacy on campus. The Natural Health Care Centre offers complementary health treatments including acupuncture, Alexander Technique, aromatherapy and reflexology.

Chaplaincy Centre
www.lancaster.ac.uk/chaplaincy
The Chaplaincy Centre is a place where you can pray and worship, reflect and contemplate, explore faith issues and ask questions. You can also come to meet others and find support and encouragement.

Lancaster University Islamic Society
www.boc.lusu.co.uk
At Lancaster University there is an Islamic prayer room, with a well-established Islamic Society with close ties to the International Societies. The Society organises a number of activities for Welcome Week to help integrate students into the community. It has a large and diverse community with a variety of events held throughout the year, such as BBQs, charity week and end of term dinners.

Pre-School Centre
www.lancaster.ac.uk/pre-school
With outstanding Ofsted reports, fully qualified staff and 158 places, the Pre-School Centre is here to provide high quality childcare and early education. While fees are charged, we can advise you on how to claim back some of the costs.

Students’ Union advice and support
www.lusu.co.uk/advice
The union’s Education and Support service has a professional and experienced team of staff and officers who provide students with free, independent and confidential advice. The specialist team of advisers has expertise in supporting postgraduates with educational issues. There’s guidance and support regarding your rights and responsibilities as well as a broad range of issues including teaching and supervision, welfare and finance.
It’s all on campus...

Our 560 acre site has all the facilities you will need throughout your student life at Lancaster.

What you will find on campus

- Restaurants
- Doctors
- Dentist
- Gallery
- Cinema
- Theatre
- Petrol station
- Bank
- Bakery
- Charity shop
- Bars
- Pharmacy
- Eco-accommodation
- Post office
- Hairdresser
- Ice cream parlour
- Chaplaincy
- Bookshop
- Supermarket
- Travel agent
Fees and Funding

We understand that funding your postgraduate studies may be complicated. Our student funding team can provide you with advice and guidance on various aspects of university financial support and budgeting.

Living costs and budgeting

While living expenses vary depending on your lifestyle and needs, rents and some living expenses do tend to be lower at Lancaster than in some urban centres.

There are a variety of financial awards at Lancaster for which you may be eligible to apply. Awards are strictly limited and you must make provision to meet all your study related costs for the duration of your course.

Please see www.lancaster.ac.uk/pgfunding

Staff in the Fees and Funding Service and the Students’ Union can provide practical advice on funding, budgeting and general debt.

For guidance on student living costs and an interactive budget planner, please visit www.lancaster.ac.uk/sbs/funding

Fees for postgraduate study

Studying at a UK university means that you need to pay an annual fee for your tuition, which covers the costs associated with teaching, examinations, assessment and graduation. Our annual tuition fee is set for a 12 month session, which usually runs from October to September the following year.

The University will not increase the tuition fee you are charged during the course of an academic year. If you are studying on a programme of more than one year’s duration, the tuition fees for subsequent years of your programme are likely to increase each year.

2018–19 fees will be announced in the autumn of 2017 and will be published on the University website at www.lancaster.ac.uk/pgfees

All candidates should ensure that they have access to sufficient funds to cover living expenses and tuition fees across the duration of their studies.

Funding and awards

At first sight, finding sources of financial support might seem daunting. However, with the advice and guidance you’ll receive from our staff, both at University level and within faculties and departments, you can be assured that we’ll do our utmost to help you in your applications for funding.

We recommend that you start planning the financing of your studies 12–18 months in advance of your programme start date, as some external awards will have application deadlines this early in the process.

To help with studying and living costs a range of scholarships are on offer to postgraduate students.

+ Alumni Loyalty Scholarship – this scholarship offers a reduction in tuition fees of taught Masters programmes and is open to all our Alumni, regardless of nationality or year of graduation. You do not need to apply for this scholarship; you will qualify automatically if you meet the eligibility criteria and the course entry requirements.

+ University Scholarships – we offer a range of scholarships awarded directly through our faculties and departments. The majority of these scholarships offer support towards fees, although some may also contribute towards living costs. Competition for these scholarships is mainly based around academic performance and the number of scholarships and studentships offered varies from year to year.

Additional sources of funding are available, especially for specific programmes and for students from particular countries/regions.

For detailed listings of awards available at Lancaster, and for information about how to apply for them, please see www.lancaster.ac.uk/pgfunding

Postgraduate Loan Scheme

A postgraduate loan scheme was introduced by the UK government in August 2016 for eligible students studying Masters courses. These are continuing for 2017 however, certain eligibility criteria may change for 2018.

For more information on the schemes available in England, Scotland, Wales and Northern Ireland, please see www.findamasters.com/funding/guides/masters-loans.aspx

For 2018, new PhD loans have been confirmed by the UK government of up to £25,000 for English-resident UK nationals, for further information and eligibility please see www.findaphd.com/funding/guides/uk-phd-loans-scheme.aspx

Charities, trusts and other general funders

A wide variety of charitable and other organisations have funds they make available to intending postgraduate students at both masters and PhD level. The amounts they make available are variable. The funding awards are made on a competitive basis and have criteria related to either academic excellence or financial need. Many have additional criteria related to the wider charitable aims of the organisation.

Their application deadline dates, and application processes are very varied and some have a number of different deadlines at times throughout the year.

Further sources of funding can be found at: www.lancaster.ac.uk/student-based-services/money/funding

For more information please visit www.lancaster.ac.uk
Applying to Lancaster

We welcome and encourage applications from all over the world and it’s our aim to make the process of applying as smooth as possible. To apply online please visit the My Applications website at: www.lancaster.ac.uk/postgraduate-applications

Using My Applications to apply

Using your account on the My Applications website, you are able to submit applications for the postgraduate programmes(s) which you wish to study, and upload supporting documentation. You can apply for most programmes using My Applications, but some might require application through a different route, for examples the Doctorate in Clinical Psychology (DClinPsy) and the PgDip/MA in Social Work. If you cannot find your chosen programme listed in My Applications, please refer to our website for further information, or contact one of our Faculty Admissions teams.

What do I need to include with my application?

If you use the My Applications website then you will be advised which documentation you need to upload or send to us. We can automatically contact your referees, if you ask us to, once you have submitted your application.

The supporting documentation screen will provide you with a list of required documents. These will usually include:

- Degree certificates and transcripts of previous higher education college/university degrees or other courses that you have completed for which you are currently studying. Note that, for transcripts in languages other than English, a certified English translation will be required
- Personal Statement
- Research proposal (for research degrees)
- References
- For those where English is not their first language, copies of English language test results.

For detailed information on the qualifications we accept, please visit: www.lancaster.ac.uk/pg-english-requirements

Current Lancaster students

If you are a current, or recently graduated Lancaster student, and you have an active @lancaster.ac.uk email address you can use it to create your account. We can then reduce the amount of information that you will need to provide as part of your application. You will need to provide only one reference and will not need to supply your Lancaster degree transcript. We will also pre-fill your personal details, ready for you to check.

Other ways to apply

If you are unable to use our online application service please contact the appropriate Faculty Admissions Office for your intended programme of study.

Lancaster University is set among acres of parkland, just three miles south of Lancaster city centre. While the natural surroundings give our campus a sense of tranquillity, we’re also well-connected and easy to reach.

**Travel details**

### By car
The campus is situated less than 5 minutes from the M6 motorway. Leave the M6 at Junction 33 and take the A6 north towards Lancaster. For Lancaster University main campus, turn right at the third set of traffic lights on the A6 into the University main drive.

### By rail
There are direct rail links between Lancaster and many of the UK’s major cities and airports. There is a frequent direct bus service between Lancaster Railway Station and the University. Taxis are available at the station, which is a five minute walk from the city centre.

### Car parking
Visitor car parks are available in several locations on the campus with parking charges in operation during weekdays between 08:00 and 18:00. For further information please visit [www.lancaster.ac.uk/travel](http://www.lancaster.ac.uk/travel).

### By air
From Manchester International Airport take the M66 motorway at Junction 5 and join the M6 motorway at Junction 20 (north). Follow the directions ‘by car’. An hourly rail link runs between Manchester Airport and Lancaster.

### By bicycle
It takes approximately 25 minutes to cycle from the city centre to the campus on the two University signed routes. An off-road cycle route runs from Whitfell Drive in Hala and enters the campus near Bailrigg House. A further off-road signed cycle route runs along the Lancaster Canal.

### By bus
Live bus departure information is available on the iLancaster Transport Hub and on display screens in the Underpass and Alexandra Square.

### In the City
The bus station is situated on Damside Street in the city centre. Buses (services 2, 2A, 2X, 3, 3A, X3, 4, 41, 42) leave for the University every five minutes on term-time weekdays and most services also stop at Common Garden Street in the city centre. Additionally, there is a direct bus service between Lancaster Railway Station and the University (Services 3A and X3).

### On Campus
All buses drop off and collect passengers in the Underpass situated underneath Alexandra Square. Additionally, services 3, 3A, 4, 41 and 42 serve the southern perimeter road and around Alexandra Park. There are also bus stops directly outside the Sports Centre on the main drive.

### By taxi
Local taxi services can be contacted on the following telephone numbers:
- 01524 32090
- 01524 39668
- 01524 84848
Taxi Ranks are located on campus, at Lancaster Bus Station, Lancaster Railway Station and other locations in the city centre.

### Did you know?
- Campus is set in 560 acres of parkland
- Located three miles south of the city of Lancaster
- Within 70 miles of Manchester’s International Airport
- 2.5 hours from London by train

For further information please visit [www.lancaster.ac.uk/travel](http://www.lancaster.ac.uk/travel)

### Postgraduate Open Day

Visit our unique learning environment, view our award-winning accommodation and discover the facilities available on our 560 acre campus.

Get all your questions answered about postgraduate study at Lancaster including funding, careers, research and many more things that matter to you staff and meet some of our students.

Talk through the options in your subject area with our academic and admissions staff and meet other postgraduates who will share their experiences with you.

**Thursday 22nd February 2018**

For further information visit: [www.lancaster.ac.uk/visitus](http://www.lancaster.ac.uk/visitus)

---
