TRIM TRAIL

GREAT OUTDOORS, GREAT WORKOUT!

READY
Everybody likes to look and feel good and keeping fit is a major part of that. So what better way to get fit than in the fresh air and for free?

GET SET
This versatile Trim Trail combines fun and fitness for all levels of physical ability.

DESIGNED TO IMPROVE YOUR CARDIO-VESSULAR SYSTEM IT WILL ALSO TEST YOUR UPPER AND LOWER BODY MUSCLE STRENGTH, ENDURANCE, CO-ORDINATION AND AGILITY

GO
This trail can be as mild or intense as you require, so you should always work at a pace you feel comfortable with, but if you wish to challenge yourself then aim to increase the number of repetitions or even laps.

The map outlines each exercise station on the trail and provides instructions on how to use them. Keep track of your progress by charting the repetitions completed and also your trail time on each visit. Watch your self improve.

SAFETY
To reduce the chances of injury it is essential that you warm up prior to starting the trail and cool down when finished.

The trail covers a variety of terrains, so appropriate outdoor clothing and footwear is recommended. Extra caution should be taken in wet conditions.

Use at own risk

Users are reminded that they must take responsibility for the operational use of the equipment and not leave it unattended. The University is not responsible for the loss or damage of any personal property.

Children under 14 are not allowed to use this equipment except in the company of a responsible adult.

If you decide to use or allow your child to use the Trim Trail equipment then you do so at your own risk accepting full responsibility for any loss or damage that your child may incur personally or to your property and Lancaster University will not accept responsibility or liability as a result of such loss or damage.

GREAT OUTDOORS, GREAT WORKOUT!

The on campus Woodland Walk and Trim Trail provide a range of challenges for all levels of fitness and ability. Whether you fancy a quick stroll or a full workout, there is no better way to exercise than in the fresh air... and for FREE!
A DIFFERENT CHALLENGE

The Woodland Walk provides a beautiful route through 2.6 miles of woodland canopy that can be enjoyed by all levels of ability, from those looking for an interesting run to those wanting a short stroll.

At a moderate pace the full route can be completed in approximately 1.5 hours. However, there are lots of clearly signed points at which you can join or leave the walk to suit your day. The trail includes varying unsurfaced terrain so suitable outdoor footwear should be worn.

THINGS TO SEE

The Bigforth Estate sporting woodland was planted in 1841 and forms the heart of the University woodlands. Later additions were planted during the 1960’s to offer shelter and screening for the new emerging campus.

In the older developed woodland, beech is predominately along with some oak with self-sown sycamore and elm forming much of the sub-canopy. The understorey is of holly and rhododendron.

The later woodland is dominated by alder or poplar, with sycamore, beech and Norway maple. Ground cover is a mixture of bramble, rushes and grass.

The University has established a 10 year Management Plan to help implement a number of measures to continue to enable the woodlands to develop.

The woodlands and surrounding parklands support and provide important habitats for a number of species including: snowdrops in spring; a carpet of blue bells in May; wild garlic in June; woodland ferns in the summer and a variety of interesting fungi in the autumn.

Free time? Free exercise! Woodland walk distance: 2.6 miles • Trim trail distance: 700 metres
