MARKING BOYCOTT!

Academic staff are taking industrial action because university leaders have cut their pay for four years while sitting on a £1 billion surplus.

- All we want is a fair pay offer to stop the cuts.
- If there is no fair pay offer by 28 April, UCU members will stop marking students' work, indefinitely.
- We really don't want to do this but the pay cuts must STOP.

Help us to avoid this action: email the vice-chancellor (m.e.smith@lancaster.ac.uk) today and add your voice to the call for fair pay.
