Dr. Annette Kuhn.

Dear Dr. Kuhn.

It was with a deal of interest that I listened to your interview yesterday on Radio with Neville Gorden on the topic of "The Pictures".

Consequently you might be interested in the enclosed article. I may say that I spent a lot of time at "The Pictures", my late Father being "in the business".

When I retired from business life a few years ago I joined a small Writers Class locally - mainly for the purpose of keeping the brain ticking over so to speak, recalling incidents of days past.

This is one subject close to my heart. I'm rather further back than the 30s though. The cinema I mention was managed by my Father from 1921. He was later Director of a small private Company and Managing Director of The Ritz in Agg - one of six in the Group - into the 50s.

Perhaps you will be good enough to return my article to me when you have read it; it may amount to a degree in your research of an interesting business.

I'm afraid The Pictures nowadays do not have the same attraction - for me at least - except on the odd occasion when a suitable film comes along. But I do have happy recollections of earlier times.

Success with your research. If I can be of any further help in my modest way, please let me know.

Yours sincerely,
