Dear Mrs Kuhn,

I am most interested in your project regarding the films of the 1930s. Unfortunately, I will not be able to attend your open workshop on 3rd December.

I was born in 1925, and, therefore, was at a very impressionable age during the "Golden Year of Hollywood." I came across an old jotter recently in which I had recorded every film I had seen from July to December, 1939 → 88 in all!

I have been a film fan for as long as I remember, and if I can help you in any way please let me know.

Yours sincerely,

(Mrs.) Margaret R. Young
