

### 3 Our environment

#### 3.4 TWO WAYS OF PROTECTING OUR ENVIRONMENT

##### Examiner's task sheet

These two pictures show two ways of protecting our environment. Compare and contrast them. Include the following points:

1. What are the things in the pictures for?
2. Why are they important?
3. Do you or your family ever use things like these? If yes, tell us about it. / If not, why not?
4. What else can we do to protect our environment?

##### Prompts for the interlocutor:

1. What happens to birds in winter?
2. What happens to the rubbish we throw away?
3. What can we do about pollution / to save energy / to protect animals?
