4.5 TWO WAYS OF LEARNING A FOREIGN LANGUAGE

Examiner's task sheet

These two pictures show two ways of learning a foreign language. Compare and contrast them. Include the following points:

1. What are students and teachers doing in these pictures and how?
2. Which aspects of a foreign language can they learn and practise in these ways?
3. How do you think they feel in these lessons? Why?
4. How similar or different are your experiences of learning languages?

Prompts for the interlocutor:

1. What are the advantages of working in groups / studying on your own / studying with a computer?
2. How can the teacher help his/her students in these situations?
3. Can you learn / practise grammar / words / pronunciation / writing / reading / speaking / listening in these ways? How?
