9.2 MODERN INVENTIONS

Examiner's task sheet

These two pictures show modern inventions. Compare and contrast them. Include the following points:

1. What activities can you do with them?
2. How did people do similar activities in the past?
3. Which of these inventions are more important in your opinion? Why?
4. Which of them could you live without and how?

Prompts for the interlocutor:

1. What (else) do / can you use these things for?
2. How did people communicate / spend their free-time in the past?
3. What are the good / bad points of these inventions?
