Strong Foundations: how the housing sector can support public health

Lois Lane, National Housing Federation
How can good housing promote good health?
What are providers doing in the North West?

- **Greater Manchester Housing Providers** and Greater Manchester Health and Social Care Partnership

- **Stockport Homes** – ‘Your Local Pantry’. Now run jointly by Foundations Stockport and Church Action on Poverty

- **Invisible Creations** – social enterprise producing inclusive home adaptation products, backed by three major northern housing associations: Karbon, North Star and Johnnie Johnson

- **First Choice Homes Oldham** – Hospital2home home support and outreach service

- **Liverpool Waves of Hope** intensive support service, funded by the Big Lottery Fund and run by Riverside
Where to next?
Thank you!
