Discover your subject...

Discover more about the courses you are interested in by attending one of our subject talks. They're held throughout the day and if you're still in two minds about which degree is for you, please feel free to attend more than one talk.

Biosciences (including Ecology and Conservation)	Environmental and Earth Sciences	Geography
Biology Lecture Theatre (map ref: LEC)	Furness Lecture Theatre 2 (map ref: FUR)	Biology Lecture Theatre (map ref: LEC)
11:30 13:45	10:00 13:45	10:45 13:00 14:30

Talk to us...

Based in the Environment and Life Sciences building (map ref: LEC), both our current students and members of staff will be on hand throughout the day to answer any questions you may have. Information will be available about:

- Our degree schemes
- Careers and industry links
- International opportunities
- Field courses

Fancy a break?

There will be a free BBQ* from 12:00-14:00 in the outside Quad area, with meat and vegetarian options available.

Tea, coffee, juice and water will also be available throughout the day in the LEC Atrium.

**Make sure to collect your BBQ voucher from the information desk (map ref : LEC).*

Research-led teaching...

All of our academic staff are active researchers, leading pioneering research in their respective field of study. This underpins our teaching, meaning you are exposed to the cutting-edge of world-leading research. Experience a flavour of our research and teaching by taking part in our demonstrations between 10:00-15:30.

LEC Atrium

Teaching Lab (A Floor)

Biosciences

- **Dr Carly Stevens**
Ecology Field Identification
- **Professor Jos Barlow**
Understanding hyperdiverse tropical ecosystems
- **Dr Geoff Holroyd**
The Greatest Cells on Earth
- **Dr Mike Roberts**
3D visualisation of protein structures
- **Dr Andy Wilby**
Ecosystem services provided by wild insects
- **Nadin Fathallah**
Parasites in a Box
- **Monica Staniek**
How clean is your bathroom
- **James Tollitt**
Human Physiology

Lab A11 (Biology Corridor)

Biosciences

- **Ven Dwarampudi**
Confocal Imaging

Our new laboratories can house over 200 students and are the location for practical classes. These classes will provide you with hands-on experiences that put lecture theory into practice, whilst also improving your laboratory skills.
