

CUMBRIA & LANCASHIRE HEALTH LIBRARIES

Passport to Partnership Information & Procedures Manual

Introduction

This partnership agreement (P2P) between the NHS Health Libraries and Higher Education (HE) institutions in Cumbria and Lancashire enables all the NHS staff working in Cumbria and Lancashire to access the collective health resources of the area. Staff and students of the participating HE institutions are also able to access the resources of all participating libraries.

This scheme

- Builds on the existing network of successful partnerships irrespective of geography
- Provides opportunities and access across a range of library services
- Allows NHS and HE staff and students to access any member library
- Allows access to electronic resources where licensing agreements permit
- Maximises access to a wealth of resources and specialist collections
- Supports health information needs across Cumbria & Lancashire

This agreement means that providing you are a member of your 'home' NHS or HE library, you are able to visit and/or join any of the others and use their resources.

NB

Refer to individual libraries for actual services offered

Conditions of Use

To help the scheme operate at maximum potential for all, we ask that users and partners adhere to the following:

- The passport scheme is only open to NHS Health & Social Care and HE staff and students of affiliated organisations.
- Only users registered at their 'home' library will be entitled to participate in this scheme. Individual's membership must be free of any outstanding charges or loan stops, for the library to grant permission for additional borrowing rights through P2P.
- P2P requests that members abide by the standard conditions of use within any library visited through the passport scheme.
- Participating libraries reserve the right to refuse entry to any library, or membership of the scheme to anyone disregarding the conditions of use or causing inconvenience to others.
- Membership of the scheme will be valid until 31 August of the year joined. Individuals will have to re-register each year

Registration procedure:

- Visiting Library: Individual presents a valid NHS or HE identity card on arrival. **Library staff telephone home library to confirm eligibility** (i.e. that they are a registered library user). User then completes P2P form (see page 5) and an in-house registration form if required. Staff record appropriate details on the statistics form.
- Home Library: On receiving telephone call from visiting library check that reader is registered. If not, then a registration form (see page 5) *must* be completed at the visited library and a copy sent to the home library. Staff record appropriate details on the statistics form.

Services:

Loans

Once registered at the home library, members can visit any of the participating libraries and borrow up to three books at any one time. The host library may restrict the range of materials available such as short or restricted loan items, or material heavily in demand.

Certain libraries may offer a reference only service.

Computer access

This is dependent upon institutional licensing agreements and local terms and conditions.

Services Not Available

The following services are not available from P2P partner libraries

- Inter-library loans
- Document Requests
- Literature Searching

Returning books

Members may be able to return borrowed resources via the individual's home library but it is advisable to check each site for details

Charges

Some services including photocopying may be subject to a fee. All fines and service charges are the responsibility of the individual. In addition, participating libraries may exchange relevant information where appropriate.

**CUMBRIA & LANCASHIRE HEALTH LIBRARIES PASSPORT SCHEME
APPLICATION FORM valid to 31st August 2018**

Please complete this form and hand it to the library staff

Please complete in BLOCK CAPITALS
