## **Description**

**Dates:** 1918-1966

**Scope and Content:** The Jack Hylton Collection held by Special Collections and Archives at Lancaster University comprises the business papers of Jack Hylton (1892-1965), pianist, composer, band leader and impresario. This list covers promotional materials (programmes, flyers and posters) from productions related to Jack Hylton or the theatres he was responsible for. Most of the theatrical materials date between 1940-1965, but there are some materials from the Adelphi Theatre which continue up to the 1980s.

Accession numbers mentioned in the list are temporary numbers which were allocated to the programmes when they were first listed. This numbering system has been continued to be used as additional materials have been added. JHPR are programmes, JHFL are flyers, and JHPO are posters. These numbers will be replaced with identifiers when the collection is fully catalogued, but will be retained for reference purposes.

**Arrangement:** This list reflects how the materials are currently arranged to reflect the original order of the collection. Previously the programmes were arranged by alphabetically into series by location or type of show being promoted.

This list is not complete as larger format items like posters are yet to be added to the list.

**Conditions on access:** The materials in the list can be accessed in the Archive Research Room at Lancaster University Library by appointment. Please contact [library@lancaster.ac.uk](mailto:library@lancaster.ac.uk) for more information. Incomplete production and cast lists are also available.

**Notes:** This list is only a rough list of the contents of part of the collection and numbering is subject to change. This list was created in 2025-2026 during a review of the collection.

## Bound Publicity Materials

Between the 1940s and c.1959, Hylton kept volumes which contain publicity materials relating to shows his companies produced or were held at theatres managed by Hylton. This were largely arranged in data order, although some volumes refer to a single theatre or season. The majority of the volumes were transferred to Lancaster directly from the Adelphi Theatre. Other volumes were donated to the Library at a later date by Hylton's family.

The volumes are either bound programmes, or are existing volumes which the programmes and other materials were pasted in. In the latter case, the volumes have been described down to page level.

### Volume: 'Jack Hylton Productions 1940-1946: Playbills & programmes' (JHP1)

Volume with pasted in programmes and photographs of posters/flyers from theatre productions relating to Jack Hylton from 1933-1946. Some pages have a reference to the show, but no materials. Many of the dates refer to the touring dates of the show, rather than the materials in the volume.
