Description

Dates: 1918-1966

Scope and Content: The Jack Hylton Collection held by Special Collections and Archives at Lancaster University comprises the business papers of Jack Hylton (1892-1965), pianist, composer, band leader and impresario. This box list contains promotional materials (programmes, flyers and posters) which aren't directly related to productions by Hylton or the theatres he managed. These appear to have been collected by Hylton and his team when talent spotting for new acts or productions. Many of the programmes include annotations commenting on the acts or the shows.

Accession numbers mentioned in the list are temporary numbers which were allocated to the programmes when they were first listed. This numbering system has been continued to be used as additional materials have been added. JHPR are programmes, JHFL are flyers, and JHPO are posters. These numbers will be replaced with identifiers when the collection is fully catalogued, but will be retained for reference purposes.

Arrangement: This list reflects how the materials are currently arranged to reflect the original order of the collection. Previously the programmes were arranged by alphabetically into series by location or type of show being promoted

This list is not complete as larger format items like posters are yet to be added to the list.

Conditions on access: The materials in the list can be accessed in the Archive Research Room at Lancaster University Library by appointment. Please contact library@lancaster.ac.uk for more information. A incomplete cast index is available.

Notes: This list is only a rough list of the contents of part of the collection and numbering is subject to change. This list was created in 2025-2026 during a review of the collection.

Contents

UK Promotional Materials (A-Z)

Promotional materials from UK productions which were not produced by or by arrangement of Jack Hylton. The programmes were originally arranged alphabetically. Some items in the series were annotated by Jack Hylton or his agents. This reflect the original order of the programmes so there are some US and European programmes in the set.

Promotional Materials A

Circus Programmes

Various programmes and promotional materials related to circuses in the UK and Europe, thought to have been collected and filed separately when Jack Hylton was developing his Earl's Court Circus. May have originally been held with papers related to the circus now in the administration series. The programmes are in the order that they were originally listed. Some circus related programmes can also be found in the main series of promotion materials.
