1.3 The Chair welcomed new member Atree Ghosh, as the student member of Council and who would serve until 26 June 2021. Council also noted the re-election of Oliver Robinson as Students’ Union President and therefore his continuation as a Council member until the end of June 2022.

2. DECLARATIONS OF INTEREST

2.1 The Vice-Chancellor declared an interest in relation to item 17 as he was serving as the interim Chair of the UA92 Board.
3. MINUTES OF THE LAST MEETING: 22 JANUARY 2021

3.1 Council approved the minutes of the meeting held on 22 January 2021.

4. MATTERS ARISING

5. VICE-CHANCELLOR’S UPDATE AND QUESTIONS TO THE EXECUTIVE

5.1 The Vice-Chancellor reported on the following:

(i) relevant aspects of the Government’s budget including the establishment of the £12billion Infrastructure Bank. He reported as anticipated, Eden North support had not been announced but the project remained on track, with further discussions with the Department of Business Innovation and Skills scheduled;

(ii) the publication of the USS Trustees’ Section 76.1 Response to the March 2020 valuation and concerns regarding the strength of the scheme’s covenant. Members noted the UUK response, the planned technical consultation, potential implications and the likely period of turbulence ahead;

(iii) plans for the return of in-person practical/laboratory-based teaching from 8 March 2021, the measures being taken to maintain a Covid-secure campus, provide broader student experience activity (as and when the Covid-19 roadmap permitted) and the decision to postpone July 2021 Graduation Ceremonies;

(iv) recruitment and admissions activity performance to date and the continuing adaptation of conversion activity;

(v) planning for academic delivery in 2021-22 based on the resumption of face-to-face delivery but retaining the most effective elements of the blended teaching approach, whilst also being prepared for potential periodic disruption necessitating the switching of teaching delivery modes;

(vi) expected changes to Official Development Assistance (ODA) funding arising from the merger of Department for International Development with the Foreign and Commonwealth Office and the implications for the Global Challenges Response Fund and the University’s research and contracts related to this;

(vii) the signing of a Memorandum of Understanding with the University of Cumbria regarding the establishment of a Barrow Learning Quarter to improve access to HE and employability;
(viii) the outcome of the local UCU ballot for strike action which had not met the required legal threshold;
(ix) the University’s performance in the QS Subject League Table for World Rankings with ten subjects in the Top 100, including Linguistics ranked at 15th; and
(x) actions being taken to engage students in the 2021 Census.

Council was supportive of the approach being undertaken to the resumption of in-person teaching in 2021 and the following academic year and noted the ongoing uncertainties around the Government’s timeframe for all students to return to in-person provision in the Summer Term.

6. PRESIDENT, LANCASTER UNIVERSITY STUDENTS’ UNION: REPORT  PAPER C

6.1 The President of the Students’ Union reported on the following:

(i) the Students’ Union’s management of its financial position and plans for recovery over a three-year period and the University’s additional financial support for its advice services and activity;
(ii) the processes being undertaken to change the Students’ Union’s Articles of Association to enact democratic and governance reform and that the President expected to have a full complement of external trustees in the near future;
(iii) that a referendum vote of no confidence in the University’s Executive was being held.

6.2 Council noted the verbal report for the amendment to the Articles as outlined by the President: the rationale for them, their relation to the external review conducted by CounterCulture and, in particular, the proposed external trustee ratification process through an all-member ratification vote and whether this could be perceived as a disincentive for people to engage with its trustee opportunities. Council discussed the importance of the Students’ Union having access to the relevant expertise it required and Council having a fuller understanding of what the Students’ Union was seeking to achieve before it was asked to consider and approve the Article changes.

6.3 Council commended the Students’ Union for its work to support local schools during the pandemic.

ITEMS FOR DISCUSSION

7. STRATEGIC PLAN 2025: DRAFT  PAPER C

Restricted and Commercial in Confidence
9.1 The Deputy Pro-Chancellor and Chair of the Sub-Group, Professor Ella Ritchie, provided a précis of the group’s activity (its scope, scale and methodology) and its findings. The Chair drew attention to the value participants attributed to the opportunity to discuss culture and speak with Council members, the broad range of perceptions regarding collegiality, the role and importance of sub-cultures, and low levels of awareness around the University’s stated values. The Chair noted that there were a number of priorities which the Sub-Group had identified to be addressed.

9.2 Council gave initial consideration to the report’s draft findings recognising that a further, fuller discussion would be beneficial. Members commented on the following:

(i) the meaning of culture as distinct from organisational values, and how members regarded cultures to be formed and influenced;
(ii) ways in which risks associated with the University’s culture and organisational change might be effectively captured within the University’s risk register;
(iii) the importance of raising the University community’s understanding about underlying factors contributing to the Gender Pay Gap as well as how these were being addressed;
(iv) how any perceived gap in understanding between the Senate and Council might be reduced through annual joint activity (post the lifting of Covid-19 restrictions);
(v) the role of Council Sub-Committees, in particular the Equality, Diversity and Inclusion Committee, in giving Council assurance regarding culture and how the Sub-Group work could feed into the Council Effectiveness Review due in 2021-22; and
(vi) how staff participation in the work of the Sub-Group could be recognised and information communicated more generally to University staff.

9.3 Council noted the draft findings and agreed culture and organisational change issues would need to be appropriately incorporated into its forward schedule of business, as these issues would be important in securing the successful implementation of the strategy. Council agreed that a further discussion would be useful to agree the responses to the recommendations in more detail.
10. EQUALITY, DIVERSITY AND INCLUSION ANNUAL REPORT 2019/20  PAPER F

10.1 The Director of Human Resources and Organisational Development introduced the Equality, Diversity and Inclusion Annual Report for 2019-20 highlighting that: the report was a public document; progress had been made regarding Race Equality Charter commitments; and work was ongoing to optimise effort around the Athena SWAN (which would benefit the Gender Pay Gap also).

10.2 Council discussed the report: the gender categorisation protocols used and the related requirements for statutory reporting of staff data. Members welcomed the work undertaken regarding inclusion, in particular in relation to trans staff, and how future data sets could be presented in a more inclusive way where the University had this flexibility.

10.3 Council noted the progress made against the delivery of the Equality, Diversity and Inclusion Strategic Vision 2020 and the EDI agenda more generally in 2019-20 and approved the report for publication.

14.2 Council noted the increased levels of incident reporting (which had been an objective set by CSHaW), the distortive effects Covid-19 had had on data due to factors such as reduced numbers of campus residents and that the focus in 2020-21 was the approach to considerations arising from home working.

14.3 Council noted the Annual Safety, Health and Wellbeing Report 2019-20 and, on behalf of Council, the Chair expressed his appreciation for the work to support health and safety by the wider Health and Safety Team during the pandemic.
15. **STUDENT MENTAL HEALTH: AN OVERVIEW OF THE UNIVERSITY PAPER K CONTEXT TO MID-LENT TERM 2020/21**

15.1 The Deputy Chief Executive (Operations) introduced the paper which was intended to provide Council with assurance regarding the University’s student mental health and wellbeing support for students, following concerns raised by the Students’ Union. She highlighted that the pandemic had seen scrutiny of such support across the higher education sector and that Lancaster had adapted its services too rapidly to reflect the changing student need.

15.2 The Director of Students, Education and Academic Services and the Associate Director (Student Wellbeing and Inclusion), drew the Council’s attention to the levels of demand and the increased severity and complexity of casework during the pandemic. They also noted the heightened levels of risk, and the management of such through service development, including the introduction of digital therapies provided by third parties.

15.3 Council noted the positive step change in provision as well as increased engagement with regional/local NHS services to improve care pathways for students and that there were further opportunities to be explored regarding collaborations with the Third Sector and learning from sector project work funded by the Office for Students.
