PAPER A

5. RESEARCH EXCELLENCE FRAMEWORK (REF) 2021 EXERCISE RESULTS

PAPER B/ PRESENTATION

- 5.1 The Pro-Vice-Chancellor (Research and Enterprise) provided Senate with Lancaster's results from the 2021 Research Excellence Framework (REF) along with comparative data with other universities. (The presentation slides are available via the Senate Teams site.)
- 5.2 In discussion the following points were noted.
- The positive results were thanks to the collective work of many across the University.
 - The more detailed results provided material that would help focus strategic thinking, including identifying areas of investment.
 - The research environment was noted as an area of strength and a focus for future strategic development.
 - The University remained committed to interdisciplinary research and would consider how this was reflected in the REF results as part of future planning.
 - The University would be considering if there was good practice to be identified to enhance the creation of 4* outputs.
 - Both results and approach differed across the University and a 'one size fits all' plan would not be effective.
- 5.3 Senate was reminded of the importance of continuing to collect engagement and impact data so as to support future impact case studies.
- 5.4 Senate recorded its thanks to all those who had contributed to the REF and noted the report.

6. REPORT OF THE VICE-CHANCELLOR

- 6.1 The Vice-Chancellor provided an oral report, including the following.
- (i) There had been concern voiced nationally about Confucious Institutes and their possible negative impact on freedom of speech. The Vice-Chancellor confirmed both the University's commitment to free speech and that it had seen no evidence to suggest the Confucious Institute had done anything to curtail this. It was noted that the Vice-Chancellor would be liaising with UUK to encourage a collective response from all universities with Confucious Institutes.
 - (ii) The government had appointed Professor Edward Peck as its Student Support Champion with a particular focus on supporting student mental health.

- (iii) The Council had recently conducted an away day focusing on the University's strategic priorities. Details were available on the University's website.
- (iv) The University was hosting a Family Fun which members were encouraged to attend.
- (v) Graduations ceremonies would be taking place in July. The Vice-Chancellor encouraged as many people as possible to attend.
- (vi) The following league table results were reported: QS Global – 146th, Complete University Guide – 11th. It was reported that Lancaster's research intensity was ranked third in the country and that this provided a powerful message to students about the quality of teaching and associated employability enhancement.
- (vii) Senate elections would soon be closing and members were asked to encourage all eligible persons to vote.

6.2 Senate noted the report.
