Our colleges

Lancaster is one of the few universities in the UK to have a collegiate system. This means that you have extra support and opportunities to make friends outside of your course.

We have nine colleges and your choice of accommodation will decide which one you join. But it’s more than just a place to stay, you’ll have the chance to study and socialise there as well. So, when you’ve finished your work for the day, you can meet your friends in the social spaces, settle down to a film or even see a band play.

Your college becomes your team, your university family. It might take a little time to get to know the others on your course or to figure out which clubs to join. But your college is a ready-made set of friends and is the first port of call for any support. There are staff on duty round the clock, ready to help – whether it’s a friendly word of advice, or something more serious.

Accommodation

We are proud of our student accommodation which has been named the Best University Halls in the Global Student Living Index (previously the National Student Housing Awards) eight times since 2010.

Accommodation types include:

  - Standard accommodation is available in most colleges. Shared facilities are for approximately six students. County and Bowland Colleges also offer Superior Standard accommodation, which includes a lounge area in each flat.

- **En Suite**
  - These rooms are available in all of our colleges. Shared facilities are for four to eight students.

- **Townhouse**
  - Each four-storey house has twelve bedrooms and six bathrooms with a large kitchen and lounge-diner on the ground floor.

- **Off Campus**
  - Some rooms may be available in the city centre at the Lancaster University-owned accommodation - Chancellor’s Wharf.

If you want to find your own accommodation and rent from a private landlord, LU Homes can help you find quality accommodation in the city. Using LU Homes means that all properties have been inspected and meet current safety legislation and our specified standards.

“The environment and people at Lancaster University are nice and friendly. The teaching styles and cultures at the University are very different from my home university, so it is good to learn about these new cultures.”

Adelyn’s advice:
“Travel around the UK and even Europe when you are free and enjoy your life and the nice weather here!”

“The lectures and seminars and everything are interesting and fit what I’ve studied at my home university really well. I also had a lot of fun going to events, at the University and in the city. I went with friends to a festival called ‘Light Up Lancaster’ in the city - we had no idea what to expect, but it was such a fun night.”

Stef’s advice:
“Go to the events! You’re abroad and that doesn’t happen every year. That concert you want to go to but couldn’t in your home country, go here (I did this twice and it was so great). Honestly, just do things you normally wouldn’t. It’s so much fun to do spontaneous things with the friends you have here; it’s a once in a lifetime experience and I do not regret any of the spontaneous things I did.”

“Texas A&M University, Texas, USA

“I’ve loved my time at Lancaster and leaving will be difficult! The staff and students are so welcoming and the campus is clean and safe. My accommodation is very nice and my flatmates are wonderful! Connecting with people from other parts of the globe and having the ability to travel to so many beautiful places around the UK made my time in Lancaster fantastic.”

Kendyll’s advice:
“Visit Lancaster Castle and Williamson Park when the weather is good. And there are lots of cafés and so many pubs and cocktail bars to try in the city.”
